Gerber, 2008-07 2008 United States Postal System s Rita Lloyd Moroney Award In the era before airplanes and e mail how did immigrants keep in touch with loved ones in their homelands as well as preserve links with pasts that were rooted in places from which they voluntarily left Regardless of literacy level they wrote letters explains David A Gerber in this path breaking study of British immigrants to the U S and Canada who wrote and received letters during the nineteenth century Scholars have long used immigrant letters as a lens to examine the experiences of immigrant groups and the communities they build in their new homelands Yet immigrants as individual letter writers have not received significant attention rather their letters are often used to add color to narratives informed by other types of sources Authors of Their Lives analyzes the cycle of correspondence between immigrants and their homelands paying particular attention to the role played by letters in reformulating relationships made vulnerable by separation Letters provided sources of continuity in lives disrupted by movement across vast spaces that disrupted personal identities which depend on continuity between past and present Gerber reveals how ordinary artisans

farmers factory workers and housewives engaged in correspondence that lasted for years and addressed subjects of the most profound emotional and practical significance

Life Span Motor Development Kathleen M. Haywood, Nancy Getchell, 2018-10-30 Please note This text was replaced with a seventh edition This version is available only for courses using the sixth edition and will be discontinued at the end of the semester *Life Span Motor Development Sixth Edition With Web Study Guide* uses the model of constraints in discussing reasons for changes in movement throughout the life span Focusing on assessment more heavily than previous editions this updated edition encourages students to examine how the interactions of the individual environment and task bring about changes in a person s movements The principles of motor development are presented in an accessible manner so that even readers with minimal movement science background will comprehend the material A key component of the sixth edition is an improved web study guide featuring revised lab activities and better functionality New to this edition lab activity record sheets and questions are available as fillable documents so that students can complete and submit them electronically resulting in increased efficiency and reduced paperwork for instructors In several labs guided assessments teach students to observe video and categorize movements accurately These assessments cue students to look at particular parts of the movement and guide students through questions answers and feedback Then students are provided opportunities for unguided assessments via video clips or live observation putting into practice what they have learned in the guided assessments There are also over 100 new video clips in the web study guide including a comprehensive video diary of the motor development milestones in the first nine months of a baby s life *Life Span Motor Development Sixth Edition* contains several other updates that are appealing to instructors and students alike A new full color interior provides for a more engaging presentation of the material Updated research includes Generation R studies and connections to fitness and motor skills An updated presentation package and image bank plus a test package and chapter quizzes are included An instructor guide includes recommendations on using the lab activities in the web study guide both in and out of class Multiple learning exercises that were previously part of the web resource have been moved to the book to allow the video rich lab activities to occupy students learning time when they are online As in past editions students understand how maturational age and chronological age are distinct and how functional constraints affect motor skill development and learning It also covers normal and abnormal developmental issues across the full life span especially in the formative years The text shows how the four components of physical fitness cardiorespiratory endurance strength flexibility and body composition interact to affect a person s movements over the life span It also describes how relevant social cultural psychosocial and cognitive influences can affect a person s movements Significant updates focus on assessment including new figures that help to explain in detail the functional constraints approach to assessment *Life Span Motor Development Sixth Edition* not only provides students with the observational skills necessary for assessing motor development but it also expertly ties the information to real life The text continues to emphasize the application of motor development concepts to

the real world by beginning each chapter with an example of a common experience and then revisiting that experience at the end of the chapter allowing readers to apply the material to the example The book also retains the objectives running glossary and key points sidebars and application questions throughout each chapter Life Span Motor Development Sixth Edition encompasses the most current research in motor development It is enhanced with practical online resources for instructors and students making the concepts of motor development come alive The text gives students a solid foundation not only for beginning their studies in motor development but also for applying the concepts to real world situations WISC-IV Clinical Assessment and Intervention Aurelio Prifitera, Donald H. Saklofske, Lawrence G. Weiss, 2008-08-08 The Wechsler Intelligence Scale for Children Fourth Edition WISC IV is one of the most often used measures to assess intelligence and cognitive functions in children ages 6 16 years The second edition of the WISC IV Clinical Assessment and Intervention will include new information obtained from the clinical use of the WISC IV in practice Information on the basic use of the assessment tool is condensed from three chapters into one with four new chapters discussing how to use and interpret WISC IV with additional clinical populations These new populations include pervasive Developmental Disorders including autism Social and emotional disorders psychiatric disorders and medical disorders that may affect intelligence An additional new chapter discusses intervention planning across patient populations Each of the chapters revised original chapters and new chapters will additionally include case studies including diagnosis and intervention Overall the material in the book is 65% changed new and updated These changes make the second edition better able to meet a clinician's needs in using and interpreting this test Inclusion of case studies illustrating the clinical applications of the WISC IV in assessment and program planning Intervention recommendations following from assessment to diagnosis Introductory chapter illustrating the relationships between the WISC IV index scores and intervention planning New chapters on Learning Disabilities emotionally disturbed children systematic illness and Autism Spectrum Disorders Specialized chapters on neuropsychological applications executive functioning and cultural issues Additional information to aid test interpretation including extended norms for gifted children and the Cognitive Proficiency Index All chapters revised to reflect data obtained from the test in clinical use Canadian Books in Print. Author and Title Index, 1975 **Science of the Seance** Beth A. Robertson, 2016-11-28 In the 1920s and 30s people gathered in darkened rooms to explore the paranormal through seances They were motivated by grief spiritual devotion or a desire to be entertained Beth A Robertson resurrects the story of a small transnational group and their quest for objective knowledge of the supernatural casting new light on how science metaphysics and the senses collided to inform gendered norms in this era Robertson draws back the curtain to reveal a world inhabited by researchers spirits and spiritual mediums Representing themselves as masters of the senses untainted by the effeminized subjectivity of the body psychical researchers in Canada the UK and the US believed that they could use machines and empirical methods to transform the seance into a laboratory of the spirits and a transnational empirical project

However mediums and ghostly subjects could and did challenge their claims to scientific expertise and authority
