Priority Target: A Carrie Chronicles Spy Thriller Ethan Jones, Start a dangerous adventure with Carrie O Connor an

elite covert operative of the mysterious CIS who isn't burdened by bureaucrats or rule books. The first novel in the Carrie Chronicles series. She didn't start the fight but she'll gladly finish it. While confirming the elimination of a target during a drone attack, Carrie discovers a massive cover-up. Now a target herself, she's determined to find out who wants her dead and begins to cut through a complex web of lies and deceit. Even if it means going to war with the CIA. With innocents killed and her own life at stake, how will Carrie survive so that justice is served?

Reviews: The action's relentless, the tension extreme, and the characters remarkably good. Exhausting but a very satisfying read. Ethan Jones has hit another home run with this new series. It's a real barn burner, a real page turner that is nonstop action from the first page to the very last page. Having met Carrie first as a character in a Justin Hall thriller, I had no doubt that in a series of her own that she would be a winner, but the truth is that the first book in the Carrie series even exceeded my highest expectations, and I look forward to reading each new volume as they become available. Five stars doesn't do this book justice. I would have liked to give it a solid ten stars. Give me more Carrie. The CIA has botched a drone strike. Then they try to cover it up by trying to kill anyone who can bring evidence to bear against the first Innocents. Have been killed. Canadian clandestine agent O'Connor won't rest until justice is served. An absolutely amazing read. Loved the book, has everything in it. I love danger, suspense, spies, fighting, and a mind bend whilst you work out who the bad guy is. Going to read a lot more of Ethan Jones books.

The Carrie Chronicle Spy Thriller Series: Ethan Jones's bestselling series confirms his place as a spy fiction master. With hundreds of five-star reviews and thousands of sales and downloads, each book is a self-contained story without cliffhangers and can be enjoyed on its own. In the vein of bestselling authors Thor Baldacci and Flynn Priority, *Target* is an action-packed adventure that will keep you reading through the night. Scroll, click, tap, and start the fantastic heart-stopping adventure now. If you love assassinations, conspiracies, crime, espionage, military, political, psychological, techno-thrillers, terrorism, suspense, spy thrillers, secret agents, clandestine covert missions, and action adventure with series favorites such as Jack Storm, Justin Hall, Javin Pierce, Carrie O'Connor, or Max Thorne, you'll love this book.

The Rise of Korean Leadership G. Ikenberry, J. Mo, Mo Jongryn, 2013-11-25

South Korea has emerged as a new middle power playing a significant role in a wide range of important global issue areas and supporting liberal international order with its leadership diplomacy. The growing role played by new powers like Korea calls into question the prevailing view that global governance is polarized with emerging powers challenging the liberal international order established by the United States and its European allies after World War II. As the case of Korea shows, large developing countries like the BRICS are not the only emerging powers active in global governance. Newly developed or high income developing countries like South Korea, Turkey, and Mexico are also active emerging powers taking new initiatives, setting agendas, and mediating conflicts between rival groups on the global stage. Because these high income developing countries have advanced under and benefited from the liberal international order, they see a great stake in its stability and show a willingness to protect it. Liberal internationalist developing countries are joining the expanding list of middle powers.

who contribute to the maintenance of liberal international order as niche players and system supporters **India Towards 100: a Call for Reset?** Partha S.
