The Practice Manual Jean Wilson Murray, 2007
Wiles, 2007-07-23 Today's chiropractors are practicing in a very difficult and competitive environment. They need to seriously plan and execute their practices the same way that successful business enterprises do. Many fail not because they are poor clinicians but simply because their practices are not founded on a personal vision and based on a realistic action plan. Strategic Planning for the Chiropractic Practice takes the reader from the development of a vision statement through a mission statement, goals, objectives, and operational plans, and a specific execution plan. *Policy and Procedure Manual* Palmer College of Chiropractic, 1998. *Current Catalog* National Library of Medicine (U.S.), 1993.
