Prospectus Of Kwazulu Natal 2016

Julia Preece

Prospectus Of Kwazulu Natal 2016:

University Community Engagement and Lifelong Learning Julia Preece, 2017-07-13 This book offers a conceptual re think of how university community engagement functions as a lifelong learning resource for communities While having a specific focus on the South African context it has important implications for other universities which are concerned with their communities and makes a compelling argument for the university as a public good in spite of current trends towards marketization and commodification of higher education The book draws on a theoretical framework of capabilities asset based community development and the adult learning concept of dialogue to propose a model whereby the boundary walls of the university become metaphorically porous so that community members feel free to interact with the university as equal members of society A historical outline of African universities is provided as well as an exploration of the evolution of terms for community engagement service learning and learning cities and an examination of the policy and practice implications for the ideological model of a porous university

Global Science's Cooperation Opportunities, Challenges, and Good Practices Moussaoui, Mohamed, 2023-07-24 Science diplomacy gives possibilities for international diplomacy and science policy to collaborate to more directly address social and global challenges such as successful diplomatic engagement international scientific coordination and policy coherence in response to the COVID 19 pandemic However most academic scientists lack policy process training networking opportunities with science policymakers and the capacity to use their expertise in the field to advance policy or diplomacy These barriers limit scientists research impact inhibit science policy relations reduce science recommendations and restrict university engagement in national and international contexts The origins of science diplomacy have yet to be closely examined and its current format does not give a clear understanding of how it concretely translates into science policy actions Global Science s Cooperation Opportunities Challenges and Good Practices provides a comprehensive overview of science diplomacy and its evolution in history and analyzes the ways in which politics science and diplomacy intertwine The book also provides a critical review of science diplomacy by exposing its limitations in addressing global challenges and by reflecting on the specific questions relating to the adaptation of the science diplomacy concept to the context of the Global South Covering key topics such as climate change foreign policy and energy consumption this premier reference source is ideal for policymakers government officials politicians industry professionals researchers academicians scholars practitioners instructors and students

Places of Privilege , 2018-07-19 Places of Privilege examines dynamics of privilege and power in the construction of place in a period of the rapid social transformation of places borders and boundaries Drawing on inter disciplinary perspectives the book examines place as a site for the making and re making of privilege while considering new meanings of community and examining spaces for cultural identity and resistance Chapters point to a range of conceptual resources that can be utilised to produce critical analyses of place making As the authors point out power and privilege shape place but these dynamics are in turn shaped by the specific

Death and Taxes Johann van Loggerenberg, 2018-07-13 Nothing in life is certain except death and taxes or so the expression goes And over the past two decades South African criminals and tax dodgers have come to realise this truth the hard way Tax sleuth Johann van Loggerenberg was at the centre of many of SARS high profile cases during his time there As far as SARS is concerned all forms of income are subjected to tax even if by ill gotten means Whether you are a drug dealer from Durban one of the hitmen who shot Brett Kebble or soccer boss Irvin Khoza you have to pay your dues Van Loggerenberg relates the riveting inside stories of the investigations into businessmen like Dave King Billy Rautenbach Barry Tannenbaum and his ponzi scheme and others Over the years he got to know all the scams and dirty tricks in the book and he explains these in plain language In these investigations the tax authority worked closely with the police the NPA and the Directorate of Special Operations However after a few years SARS became the victim of its own success In telling the stories of how tax evaders were caught Van Loggerenberg also shows how the power struggle between different state departments and the phenomenon of state capture in recent years started crippling SARS

African Print Cultures Derek Peterson, Steph Newell, Emma Hunter, 2016-09-29 The essays collected in African Print Cultures claim African

newspapers as subjects of historical and literary study Newspapers were not only vehicles for anticolonial nationalism They were also incubators of literary experimentation and networks by which new solidarities came into being By focusing on the creative work that African editors and contributors did this volume brings an infrastructure of African public culture into view The first of four thematic sections African Newspaper Networks considers the work that newspaper editors did to relate events within their locality to happenings in far off places This work of correlation and juxtaposition made it possible for distant people to see themselves as fellow travellers Experiments with Genre explores how newspapers nurtured the development of new literary genres such as poetry realist fiction photoplays and travel writing in African languages and in English Newspapers and Their Publics looks at the ways in which African newspapers fostered the creation of new kinds of communities and served as networks for public interaction political and otherwise The final section Afterlives is about the longue dur e of history that newspapers helped to structure and how throughout the twentieth century print allowed contributors to view their writing as material meant for posterity

Urban Ecology in the Global South Charlie M. Shackleton, Sarel S. Cilliers, Elandrie Davoren, Marié J. du Toit, 2021-04-20 Against the background of unprecedented rates of urbanisation in the Global South leading to massive social economic and environmental transformations this book engages with the dire need to understand the ecology of such settings as the foundation for fostering sustainable and resilient human settlements in contexts that are very different to the Global North It does so by bringing together scholars from around the world drawing together research and case studies from across the Global South to illustrate in an interdisciplinary and comprehensive fashion the ecology of towns and cities in the Global South Framed using a social ecological systems lens it provides the reader with an in depth analysis and understanding of the ecological dynamics and ecosystem services and disservices within the complex and rapidly changing towns and cities of the Global South a region with currently scarce representation in most of the urban ecology literature As such the book makes a call for greater geographical balance in urban ecology research leading towards a more global understanding and frameworks The book embraces the complexity of these rapid transformations for ecological and environmental management and how the ecosystems and the benefits they provide shape local ecologies livelihood opportunities and human wellbeing and how such knowledge can be mobilised towards improved urban design and management and thus urban sustainability
