Making ALL Kids Smarter John DeLandtsheer, 2011 This book helps teachers plan a challenging program for students, particularly gifted students, within a regular education classroom. It addresses brain-compatible learning, which makes it appropriate for a much wider group of students than just the very brightest. Approaches and strategies are explained in a unique and personal style and include the following: use of interdisciplinary themes, analytical thinking exercises, teaching moral dilemmas, Socratic questioning techniques, increasing depth and complexity through interactive games, activities to promote creative thinking, using graphic organizers, and teaching research skills and methods. The author demonstrates how all these strategies and approaches work together to help teachers create a more meaningful learning experience for all students. An added benefit of the author's training, as reflected in this book, is to help put the creativity and search for knowledge back into the learning process.

Building Effective Professional Development in Elementary School Judy Johnson, 2018-04-27 Learn the principles of comprehensive professional development and motivate elementary school teachers to be more effective in the classroom. In *Building Effective Professional Development in Elementary School*, Judy Johnson presents a career-long and comprehensive approach to professional development that gives teachers the support they need to improve instruction and raise the levels of student achievement. Her book not only explains how to create and lead a successful PD program, it also offers practical advice for establishing a school culture that will encourage teachers to collaborate and self-motivate in an effort to improve instruction. Other topics include: Training to deepen content knowledge and expand the teaching repertoire; Identifying high-performing educators and helping them build upon their strengths; Using teaching demonstrations to enliven and diversify classroom practice; Creating an effective mentorship program that brings out the best in faculty members regardless of experience level; Resolving problems with recruitment; dealing with disgruntled teachers; assessing teaching quality and overcoming other obstacles; preventing implementation of a comprehensive professional development program. And more.
