Jesus Christ and choose to be baptized and join a church community Unfortunately it is also true that every year many new converts leave a church relatively shortly after joining The specific reasons that each person leaves the church could fill a book by themselves but they all boil down to one thing a lack of focus on the part of the church community on turning converts into disciples of our Savior A disciple of Christ does more than attend church services A disciple is an active member of the church community A disciple is a witness to others A disciple seeks to grow the church by seeking to lead everyone they meet to Christ Dr Benoit Petit Homme is a committed disciple of Christ and after extensive study of exactly why new converts leave the church he has developed a process by which any church can make disciples All it takes is a little extra work a bit of encouragement and an unwavering faith in the Lord

Seventh-day Adventist Health Reform: A Crucible of Identity Tensions Richard B. Ferret, 2023-07-20 The Seventh day Adventist church formally organized in America in 1863 is today one of the fastest growing Protestant movements in the world and defines itself as a prophetic remnant raised up and commissioned by God to teach and preach a final message of warning to the world before the imminent return of Christ From its beginnings however a sense of failure was built into the success of the fledgling movement In order to preserve the message the imminent return of Christ Adventists had to erect institutions based on continuity and permanence A dilemma emerged medical institutions built to be conducive for separation from the world faced a this worldly reality filled with requirements from various state entities registration approval and so forth Thus Adventist medical institutions confronted constant challenges to their denominational and theological uniqueness

The emergence of this dilemma between aspirations of separateness and this worldly reality was especially evident in the battle for Adventism's sectarian identity ethos and future at the turn of the twentieth century between Ellen G White a cofounder of the movement and Dr John H Kellogg an Adventist administrator and surgeon who sought to desectarianize the movement
