Far-Right Fantasy James Aho,2015-12-22 Far Right Fantasy is a straight forward jargon free study of contemporary American right wing extremism Accessible to both professional and lay audiences it allows activists to speak for themselves in their own words It takes the self announced religious motivations of extremists seriously and illustrates this by citing numerous cases of radical politics The book addresses the strengths and weaknesses of the standard psycho social cultural explanations of far right activism It shows how extremists are similar educationally and psychologically to their more conventional neighbors that they get into the movement in the same way that others become peace activists or radical environmentalists namely through their ties with fellow workers and church goers family members and classmates and that their views are given a patina of certainty by being repeatedly corroborated within closed non contaminated communication systems The book avoids being preachy or judgmental but it does try to challenge readers morally by submitting far right fantasy to a formal ideology critique It does this by showing how the reforms it recommends a marketplace free of regulation draconian immigration restrictions an end to the federal reserve bank and the income tax a balanced budget amendment to the Constitution anti union right to work laws and a return to debt slavery the privatization of schools the post office and the commons and so on contradict its ostensible goal which is to protect and enhance middle class interests Far Right Fantasy is suitable for adoption as a supplemental text in political psychology and sociology sociologies of religion and knowledge collective behavior and American political history [The Journey Through Four Seasons of Life](#) Sin Mong Wong,2015-07-07

Finance Fictions Arne De Boever, 2018-03-06 Finance Fictions takes the measure of what it means to live in a world ruled by high finance by examining the tension between psychosis and realism that plays out in the contemporary finance novel When the things traded at the center of the economy cease to be things at all but highly abstracted speculations how do we come to see the real What sorts of narrative can accurately approach the actual workings of a neoliberal economy marked by accelerating cycles of market crashes economic and political crisis and austerity Revisiting such twentieth century classics of the genre as Tom Wolfe's Bonfire of the Vanities and Bret Easton Ellis's American Psycho De Boever argues that the twenty first century is witnessing the birth of a new kind of realistic novel that can make sense of complex financial instruments like collateralized debt obligations credit default swaps and digital

algorithms operating at speeds faster than what human beings or computers can record If in 1989 Wolfe could still urge novelists to work harder to tame the billion footed beast of reality today s economic reality confronts us with a difference that is qualitative rather than quantitative a new financial ontology requiring new modes of thinking and writing Mobilizing the philosophical thought of Quentin Meillassoux in the close reading of finance novels by Robert Harris Michel Houellebecq Ben Lerner and less well known works of conceptual writing such as Mathew Timmons Credit Finance Fictions argues that realism is in for a speculative update if it wants to take on the contemporary economy an if whose implications turn out to be deeply political Part literary study and part philosophical inquiry Finance Fictions seeks to contribute to a new mindset for creative and critical work on finance in the twenty first century *The Six Keys to Financial Success!* Sean Hyman,2013-02 It all started when Sean Hyman went on a financial quest to find out why people were broke because he knew it wasn t God s best for their lives That s when he went through an extensive study of one of the wisest books of all time the Bible He literally looked at every scripture that had to do with money It was then that he found the six keys that God has outlined to produce financial success As he purposefully implemented and lived out these six principles they began to change his financial future It was then that he decided to write this book about it and tell the whole world so that they could find out the keys to financial success just as he has done *LIFE* ,1970-11-20 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *Supplement to Who's who in America* ,1987 *Lear's* ,1989 *Ebony* ,2006-11 **Who's who in Finance and Industry 2000-2001** ,1999 *Who's who in Finance and Industry* ,1999 *The Circle* ,1990 *Vibe* ,1997 **Haines San Francisco City & Suburban Criss-cross Directory** ,2010 *The Book of Hollywood Quotes* Gary Herman,1979 *Arts & Humanities Citation Index* ,1976 *Books Out-of-print* ,1980 *Canadian Who's Who 2009* Elizabeth Lumley,2008-12-04 Now in its ninety ninth year of publication this standard Canadian reference source contains the most comprehensive and authoritative biographical information on notable living Canadians Those listed are carefully selected because of the positions they hold in Canadian society or because of the contribution they have made to life in Canada The volume is updated annually to ensure accuracy and 600 new entries are added each year to keep current with developing trends and issues in Canadian society Included are outstanding Canadians from all walks of life politics media academia business sports and the arts from every area of human activity Each entry details birth date and place education family career history memberships creative works honours and awards and full addresses Indispensable to researchers students media business government and schools Canadian Who s Who is an invaluable source of general knowledge **The British National Bibliography** Arthur James Wells,1968 *Haines Monterey, Santa Cruz City and Suburban Criss-cross Directory* ,1981
