Gentile,2020-05-15 With dramatic advances in media technology the practice of sexing or erotically enhancing images has

become an increasingly widespread phenomenon The eroticized look as both noun and verb the thing or image that draws our look and the look that we bestow on images that elicit our visual physiological and emotional attention is the focus of the essays in this volume Every day whether we are out in the world or in the workplace or in the privacy of our homes we enter visual fields that heighten and distort reality distortions that often emphasize sexuality and erotic promise The contributors for this collection look at the sexualization of visual culture from a range of disciplinary perspectives including literature film studies history philosophy art history and media studies with gender and sexuality studies providing the encompassing critical framework that binds these essays into a coherent analytical project The essays in this collection offer new theoretical conceptions of perception and representation as well as rigorous reconsiderations of the polarized feminist debates over pornographic images Essays on literature and film range from an interrogation of Baudrillard s theory of seduction that posits femininity as a strategy of illusion and subversion to Bridget Jones s challenge to the prevailing disciplinary regime that prescribes rigid standards for feminine beauty to a reevaluation of the subversive potential of sexy female robots Other contributors consider the history of nudist images in US periodicals the proliferation of eroticized images of girls in new digital technologies gentlemanly masculinity in men s fashion in late Victorian England and a rape prevention campaign s unintentional reinforcement of persistent heterosexist misconceptions about rape

Child Pornography Alisdair A. Gillespie, 2012-02 Child Pornography Law and Policy draws on interdisciplinary work in order to critically address the law relating to child pornography Child pornography is recognized as a specific form of child abuse and there are now many national and international efforts to tackle it Yet despite these efforts the volume of child pornography particularly on the internet is increasing The law has reacted to this situation by adapting its definitions increasing sentences and providing new powers to law enforcement It is however unclear how far the law should extend What should the relationship be between criminalization and free speech Is there a link between the use of child pornography and contact offending The issue of child pornography has been the subject of considerable literature in the areas of psychology sociology and psychiatry These studies provide the basis for a greater understanding of the nature of child pornography as well as the profiles and behaviour of those who access or produce such material Child Pornography Law and Policy brings this wider literature to bear on the legal and policy frameworks relating to child pornography questioning both the appropriateness and the effectiveness of the law in this context *The 325: Canada's Criminal Code (w/ Other Acts) - a Case Compilation*, A case compilation of the 325 most cited CC Extradition Act and Charter cases that I compiled to facilitate a one file download Assumes a person doesn t want to take the time to immerse themselves in case stream and nuances of the topic in CANLII org where I obtained the cases and did the digesting of same myself to put it all together for you
