Sandf 2015 Application

**Azer Shukurov, Oksana Vovk, Artur
Zaporozhets, Natalia Zuievskaya**

Sandf 2015 Application:

South Africa and United Nations Peacekeeping Offensive Operations Garcia, Antonio, 2018-08-16 The creation of the Force Intervention Brigade FIB as the sharp tactical edge of the United Nations Stabilisation Mission in the Democratic Republic of the Congo MONUSCO tasked with the neutralising of armed groups was a watershed moment in the history of modern peace missions What was more significant was that sub Saharan national leaders were instrumental in the creation of the FIB South Africa Tanzania and Malawi but lacked the resources to deploy such a force and consequently the brigade was deployed under the banner of the UN With the legacy of an African Renaissance and its role in the conception of the FIB South Africa remains a critical player in international peace and security in sub Saharan Africa and therefore holds a key strategic role in achieving the FIB s objectives This comes at a critical time where blue helmets are increasingly exposed to complex and challenging security contexts The aim of this work is to provide a conceptual model for South African military future operations and UN offensive peacekeeping operations In this undertaking a layer of military and Clausewitzian theory is added to offensive peacekeeping operations Furthermore there are sections on operational constructs capstone and operating concepts doctrine and structural elements as well a section on mine action This book contributes towards an understanding of the nature of modern strategy through the lens of UN offensive peacekeeping operations and provides insights into operational challenges

Transparent Soil Modelling Technique and Its Application Honghua Zhao, Gangqiang Kong, Wanghua Sui, 2022-11-29 This book systematically introduces the advancement of transparent soil modelling technique and its application The transparent soil modelling technique provides an essential tool for visualizing soil structure interaction and other geotechnical problems such as grouting soil plugging The geotechnical properties of the newest transparent soils were reported on model sand clay and rock In addition more advanced image processing methods were summarized In this book numerous applications of transparent soil modelling techniques for different geotechnical problems were presented and the results obtained are supplemented by numerical calculation and theoretical analysis

Cross-Industry AI Applications Paramasivan, P., Rajest, S. Suman, Chinnusamy, Karthikeyan, Regin, R., John Joseph, Ferdin Joe, 2024-06-17 The rise of Artificial Intelligence AI amidst the backdrop of a world that is changing at lightning speed presents a whole new set of challenges One of our biggest hurdles is more transparency in AI solutions It s a complex issue but one that we need to address if we want to ensure that the benefits of AI are accessible to everyone Across diverse sectors such as healthcare surveillance and human computer interaction the inability to understand and evaluate AI s decision making processes hinders progress and raises concerns about accountability Cross Industry AI Applications is a groundbreaking solution to illuminate the mysteries of AI driven human behavior analysis This pioneering book addresses the necessity of transparency and explainability in AI systems particularly in analyzing human behavior Compiling insights from leading experts and academics offers a comprehensive exploration of state of the art methodologies benchmarks and systems

for understanding and predicting human behavior using AI Each chapter delves into novel approaches and real world applications from facial expressions to gesture recognition providing invaluable knowledge for scholars and professionals alike

Silencing the Guns in Africa Antonio Garcia, Jacob Udo-Udo Jacob, 2025-03-14 The scholarship of this book is drawn from local and international experts by framing critically a number of discourses on matters of security conflict violence and peace on the African continent It is indeed a breath of fresh air to the scientific community largely because it contributes to the on going debates on security issues Dr Ntsikelelo Benjamin Breakfast Director of the Center for Security Peace and Conflict Resolution at Nelson Mandela University This book makes a deep contribution to scholarly literature on conflict studies peacekeeping and peacebuilding in Africa Written largely from the perspective of the applied social sciences it is empirically rich and offers refreshing insights into social behaviour in military contexts This is a timely contribution because current public discourse in South Africa is centred on the gains and missed opportunities of thirty years of democracy and new lenses are welcome Many of the chapters reflect South African experiences This is to be welcomed as it demonstrates that scholars and practitioners from the country are reflecting on the complexities of South African experiences of defence and security matters in contemporary times Dr Sandy Africa Director of Research at Mapungubwe Institute for Strategic Reflection MISTRA This volume brings together the voices of scholars and practitioners a diverse group of writers who are passionate about and committed to creating a safer more prosperous and peaceful Africa Each with their own specialism this work combines many different world views and approaches Conflict in Africa is an impossibly broad topic to cover in a single edited publication and so we focus on a select number of case studies expositions and themes

Handbook of the Sociology of the Military Giuseppe Caforio, Marina Nuciari, 2018-05-19 This new edition of the volume is presented on the wave of the success which had its first edition 2003 It is entirely updated to the current situation of the disciplines covered and expanded with particular regard to the new missions that have become the main challenge for the armed forces in these first decades of the new millennium with new insights to technological development toward so called cyborg warriors new forms of leadership and changes in soldier s identity and organisational culture It is compiled of documents coming from various researchers at universities around the world as well as military officers devoted to the sector of study Covered in this volume is a historical excursus of studies prior to contemporary research interpretive models and theoretical approaches developed specifically for this topic civic military relations including issues surrounding democratic control of the armed forces military culture professional training conditions and problems of minorities in the armed forces an examination of the structural change within the military over the years including new duties and functions following the Cold War

South Africa's Post-Apartheid Military Lindy Heinecken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country s new security political and social environment since 1994 In South Africa s changed political state how has civilian control of the military been implemented and what does this mean for

defence in a democracy This book presents an overview of the security environment how the mission focus of the military has changed and the implications for force procurement force preparation force employment and force sustainability The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force the effect of affirmative action on meritocracy recruitment and retention military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged HIV AIDS and the consequences this holds for the military in terms of its operational effectiveness In closing the author highlights key events that have caused the SANDF to become lost in transition and transformation spelling out some lessons learned The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world

Waste Management: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2019-12-06 As the world's population continues to grow and economic conditions continue to improve more solid and liquid waste is being generated by society Improper disposal methods can not only lead to harmful environmental impacts but can also negatively affect human health To prevent further harm to the world's ecosystems there is a dire need for sustainable waste management practices that will safeguard the environment for future generations *Waste Management Concepts Methodologies Tools and Applications* is a vital reference source that examines the management of different types of wastes and provides relevant theoretical frameworks about new waste management technologies for the control of air water and soil pollution Highlighting a range of topics such as contaminant removal landfill treatment and recycling this multi volume book is ideally designed for environmental engineers waste authorities solid waste management companies landfill operators legislators environmentalists policymakers government officials academicians researchers and students

Reforming Civil-Military Relations in New Democracies Aurel Croissant, David Kuehn, 2017-03-20 This book addresses the challenge of reforming defense and military policy making in newly democratized nations By tracing the development of civil military relations in various new democracies from a comparative perspective it links two bodies of scholarship that thus far have remained largely separate the study of emerging or failed civilian control over armed forces on the one hand and work on the roots and causes of military effectiveness to guarantee the protection and security of citizens on the other The empirical and theoretical findings presented here will appeal to scholars of civil military relations democratization and security issues as well as to defense policy makers

Guns & Roses: Comparative Civil-Military Relations in the Changing Security Environment Steven Ratuva, Radomir Compel, Sergio Aguilar, 2019-01-04 This edited volume provides a critical and comparative discussion of the changing synergy between the military and society in the dramatically transforming global security climate drawing on examples from the Asian Pacific African Middle Eastern European and South American regions The book is interdisciplinary and covers wide ranging issues relating to civil military

relations democratization regional security ethnicity peace building and peace keeping civilian oversight internal repression gender regime change and civil society **A Treatise on the Law of Mortgages of Real Property** Leonard Augustus Jones,1928 **Geomining** Azer Shukurov,Oksana Vovk,Artur Zaporozhets,Natalia Zuievskaya,2024-10-02 This book represents a comprehensive exploration of the intricate intersection between geology and mining through the lens of system oriented perspectives Geomining stands at the forefront of modern resource extraction blending the principles of geology engineering transport and environmental science to optimize the extraction of minerals and other valuable resources from the Earth s crust It is a dynamic field that continually evolves in response to technological advancements environmental concerns and economic realities In this book we aim to capture the essence of geomining as a holistic system emphasizing the interconnectedness of its various components and the importance of integrated approaches to resource management The geomining is a complex of heavy industry sectors that includes the exploration of mineral deposits the extraction of minerals from the Earth s subsurface and the enrichment of valuable minerals Among the main groups of the geomining industry the following are distinguished fuel extraction coal oil shale peat natural gas extraction ore mining iron ore manganese ore extraction of non ferrous ores precious and rare metals etc mining and chemical industry extraction of potassium salts rock salt apatites nephelines bauxites sulfur phosphorites etc extraction of mineral raw materials for the construction industry extraction of mineral raw materials for refractory and ceramic industries hydromeliorative activities The concept of a system oriented view on geomining recognizes that mining activities do not occur in isolation but are part of larger interconnected systems that encompass geological environmental social and economic dimensions By adopting a systems perspective we can better understand the complexities inherent in resource extraction and develop more sustainable and efficient mining practices This book is divided into 3 parts each focusing on different aspects of geomining from a systems perspective

Contemporary Issues in South African Military Psychology Nicole Dodd,Petrus C. Bester,Justin van der Merwe,2020-05-13 Contemporary Issues in South African Military Psychology is a well timed extremely thought provoking imperative particular to the African context and deals with a highly contemporary issue within the people management and the management studies fields specifically in the military field and context This is specifically of importance as military psychology is a behavioural science that combines theory and practical application Prof Karel Stanz University of Pretoria

Robotic Systems: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources,2020-01-03 Through expanded intelligence the use of robotics has fundamentally transformed a variety of fields including manufacturing aerospace medicine social services and agriculture Continued research on robotic design is critical to solving various dynamic obstacles individuals enterprises and humanity at large face on a daily basis Robotic Systems Concepts Methodologies Tools and Applications is a vital reference source that delves into the current issues methodologies and trends relating to advanced robotic technology in the modern world Highlighting a range of topics such as mechatronics

cybernetics and human computer interaction this multi volume book is ideally designed for robotics engineers mechanical engineers robotics technicians operators software engineers designers programmers industry professionals researchers students academicians and computer practitioners seeking current research on developing innovative ideas for intelligent and autonomous robotics systems *Optimized Genetic Programming Applications: Emerging Research and Opportunities* Hrnjica, Bahrudin,Danandeh Mehr, Ali,2018-07-06 Data is more valuable than ever in the twenty first century and tremendous amounts of data are being generated every second With a fast growing information industry engineers are required to develop new tools and techniques that increase human capabilities of mining useful knowledge from the vast amounts of data *Optimized Genetic Programming Applications Emerging Research and Opportunities* is an essential reference source that explores the concept of genetic programming and its role in managing engineering problems It also examines genetic programming as a supervised machine learning technique focusing on implementation and application As a resource that details both the theoretical aspects and implementation of genetic programming this book is a useful source for academicians biological engineers computer programmers scientists researchers and upper level students seeking the latest research on genetic programming **Applications of Geotechnical Mechanics in Underground Engineering** Chaojun Jia,Yun Jia,Sheng-Qi Yang,Mingfeng Lei,Chenghua Shi,Dongxing Wang,2022-10-17 **Numerical Methods and Implementation in Geotechnical Engineering - Part 1** Y.M. Cheng,J. H. Wang,L. Liang,W. H. Fung Ivan,2020-04-01 *Numerical Methods and Implementation in Geotechnical Engineering* explains several numerical methods that are used in geotechnical engineering The first part of this reference set includes methods such as the finite element method distinct element method discontinuous deformation analysis numerical manifold method smoothed particle hydrodynamics method material point method plasticity method limit equilibrium and limit analysis plasticity slope stability and foundation engineering optimization analysis and reliability analysis The authors have also presented different computer programs associated with the materials in this book which will be useful to students learning how to apply the models explained in the text into practical situations when designing structures in locations with specific soil and rock settings This reference book set is a suitable textbook primer for civil engineering students as it provides a basic introduction to different numerical methods classical and modern in comprehensive readable volumes *Routledge Handbook of Conflict Response and Leadership in Africa* Alpaslan Özerdem,Sinem Akgül-Açıkmeşe,Ian Liebenberg,2021-09-14 This handbook explores the challenges and opportunities for leadership and conflict response in the context of Africa at several levels Leadership plays a vital role in affecting conflict response but is frequently only examined at the macro level of state government and international organizations This handbook addresses the need to explore challenges and opportunities for leadership at several levels macro global regional national meso NGOs religious groups academics and micro civil society organizations youth groups women s organizations Analysis from multiple levels provides a broader explanation of conflict dynamics and

helps to fit localized conflict transformation approaches into wider national or regional structures The multidisciplinary essays presented in this volume encompass the psychological political and structural dimensions of conflict response and demonstrate how its success is fundamentally linked to the style of effectiveness of leadership among other factors The volume is divided into four thematic sections Part I The theory and dynamics of conflict response and leadership Part II Macro level leadership experiences in conflict response Part III Meso micro level leadership experiences in conflict response Part IV Recommendations for improved leadership in conflict response This book will be of much interest to students of conflict resolution peace studies African politics security studies and international relations in general

Military Operations in Response to Domestic Emergencies and Global Pandemics Lindy Heineken, Christian Leuprecht, 2025-07-24 This open access book provides a comparative analysis of the deployment of the military in domestic operations the use of the armed forces during the COVID 19 pandemic and the impact of that deployment on civil military relations in 26 countries worldwide The book examines the legal and constitutional regulations under which the military can serve in domestic roles and the extent of domestic deployment before the COVID 19 pandemic It focuses on the roles in which the military served during the pandemic the resources available and the readiness and effectiveness of the military response The volume addresses whether or not the pandemic response was securitized the extent of civilian oversight and control the accountability measures in place and the impact of the COVID 19 deployment on the military's image The volume captures the lessons learnt from the COVID 19 deployment and the implications for future force design structure and organizational transformation Since almost all countries used their military in some capacity to respond to the COVID 19 pandemic this volume offers an opportunity to compare use of the armed forces to provide domestic humanitarian assistance and disaster response

Proceedings of the 5th International Conference on Geotechnics for Sustainable Infrastructure Development Phung Duc Long, Nguyen Tien Dung, 2024-07-10 This book presents 204 peer reviewed articles from the 5th International Conference on Geotechnics for Sustainable Infrastructure Development GEOTEC HANOI 2023 held on 14 15 Dec 2023 in Hanoi Vietnam The papers come from nearly 40 countries of the five different continents and are grouped into six conference themes 1 Deep Foundations 2 Tunnelling and Underground Spaces 3 Ground Improvement 4 Landslide and Erosion 5 Geotechnical Modelling and Monitoring and 6 Offshore Wind Power

Policing and Boundaries in a Violent Society Guy Lamb, 2022-01-31 This book explores how social and territorial boundaries have influenced the approaches and practices of the South Africa Police Service SAPS By means of a historical analysis of South Africa this book introduces a new concept police frontierism which illuminates the nature of the relationships between the police policing and boundaries and can potentially be used for future case study research Drawing on a wealth of research this book examines how social and territorial boundaries strongly influenced police practices and behaviour in South Africa and how social delineations amplify and distort existing police prejudices against those communities on the other side of the boundary Focusing on cases of high

density police operations public order policing and the recent policing of the COVID 19 lockdown this book argues that poor economic conditions combined with an increased militarisation of the SAPS and a decline in public trust in the police will result in boundaries continuing to fundamentally inform police work in South Africa This book will be of interest to scholars and students interested in policing in post colonial societies characterised by high levels of violence as well as police work and police militarization
