Marxist Literary Criticism Today Barbara Foley, 2019-02-20 Winner of the CHOICE Outstanding Academic Book Prize 2019 Shortlisted for the Isaac Deutscher Prize 2019 Why Marxism Why today In the first introduction to Marxist literary criticism to be published in decades Barbara Foley argues that Marxism continues to offer the best framework for exploring the relationship between literature and society She lays out in clear terms the principal aspects of Marxist methodology historical materialism political economy and ideology critique as well as key debates among Marxists and non

Marxists alike about the nature of literature and the goals of literary criticism and pedagogy Foley examines through the empowering lens of Marxism a wide range of texts from Jane Austen's *Pride and Prejudice* to E L James's *Fifty Shades of Grey* from Frederick Douglass's *What to the Slave Is the Fourth of July* to Annie Proulx's *Brokeback Mountain* from W B Yeats's *The Second Coming* to Claude McKay's *If We Must Die* **Making Humanities and Social Sciences Come Alive**

Deborah Green, Deborah Price, 2019-02-14 Prepares readers to become high quality humanities and social sciences educators for early childhood and primary contexts **Preparing Pre-Service Teachers for the Inclusive Classroom** Dickenson, Patricia, Keough, Penelope, Courduff, Jennifer, 2016-10-25 Teachers must be prepared to create an effective learning environment for both general education students and students with special needs This can be accomplished by equipping teachers with the proper knowledge and strategies Preparing Pre Service Teachers for the Inclusive Classroom discusses the latest approaches skills and methodologies on how to support special needs students Highlighting relevant perspectives on technology implementation curriculum development and instructional design this book is an ideal reference source for pre service teachers teacher educators researchers professionals and academics in the education field The Urban Challenge in Education Joseph Scollo, Dona Stevens, Ellen Pomella, 2014-11-03 With the advent of charter schools in the United States the face of public education has changed in this country From its early beginning in Minnesota to its exponential growth in California the charter school movement has generated much controversy It has been praised for its accomplishments and criticized for its creaming of students Over 130 000 students attend nearly 250 charter schools in the city of Los Angeles This book presents an in depth look at seventeen of those schools urban schools that are making a difference in the lives of the students and families they serve Readers will encounter a group of dedicated educational pioneers who are committed and passionate about their schools These are people who have sacrificed much and put their lives on hold to develop and implement schools that meet the needs of all students regardless of economic circumstance or background From people who have mortgaged their homes to attain financing for their dream to some that have changed careers to improve the quality of education for children and young adults **From Socrates to STEAM** Connie Brown, M.Ed., 2020-01-01 We know that video games keep people engaged for hours on end and research indicates that this is due in good part to player agency That is the ability for the person playing the game to make significant choices that have consequences to the outcome of the game How can this idea be replicated in the classroom While Agency feels like a new buzzword in education it has been around since the 5th Century BCE What does it really mean Why does it matter How has it changed and stayed the same throughout all these centuries Why is it important to nurture it and how can we do that while still developing the skills necessary to achieve on high stakes tests And to what extent is this idea more important for gifted students This book is for any educator or parent who is hoping to understand the concept of agency as well as explore strategies to inspire and invigorate their most complex learners to become the best version of themselves **Gifted?: The shift to enrichment, challenge and equity**

Morgan Whitfield, 2024-07-19 Gifted and talented is a zombie It is dead but still walking around There are new labels to stratify students more able significantly able high aptitude learners New labels do not equal new thinking The concept of gifted is still stubbornly embedded in our educational structures with its legacy of social immobility racism and sexism Students can be more able when they have more financial resources more access more visibility or more cultural acceptance There are pervasive narratives that educators should prioritise extension for some students and not others We can dispel the myth that pitching lessons judiciously to middle ability and then differentiating up and down is effective This book explores how we can provide every student with rigorous challenge Challenge for all is an inclusive approach to teaching whereby every student is invited and given the tools to reach a place of mastery This can be through project based learning Harkness round tables oracy adaptive teaching inclusive enrichment programs dynamic classroom strategies and a schoolwide mission for equity Educators can embed powerful knowledge into the curriculum reimagine teaching to the top and stretch learners through personalised and responsive instruction The shift to enrichment challenge and equity creates magnificent possibilities The message to all students is you belong here Applying Depth of Knowledge and Cognitive Rigor Karin Hess, For more than 2 decades Karin Hess has worked with the concept of depth of knowledge DOK and expanded applications of cognitive rigor across content areas and grade levels proving that every student can experience deeper learning This interactive book offers a self guided journey beginning with the basics what DOK is what it is not and debunking common misconceptions about rigor Karin shares how she synthesized ideas from various thinking models with DOK as the foundation to create the Hess Cognitive Rigor Matrices now used in more than 100 countries Each module is framed by frequently asked questions and provides practical tools and strategies for applying a cognitive mindset that supports student centered classrooms from planning instruction that shifts student roles from taking in information to constructing meaning to monitoring progress with assessments that uncover thinking This unique action oriented workbook is a perfect companion to Karin s earlier books and a great DOK refresher for PK 12 staff Learn how to Build a shared understanding of DOK and rigor among your teaching colleagues Shift DOK levels in order to shift teacher student roles in support of learning transfer Create actionable standards based and competency based assessments Analyze and adapt current curricular and assessment materials Explore applications of DOK in progress monitoring and grading **Using the Parallel Curriculum Model in Urban Settings, Grades K-8** Sandra N. Kaplan, Irene Guzman, Carol Ann Tomlinson, 2009-10-01 Featuring 16 field tested lesson plans this book presents a high quality curriculum that helps urban youth develop key learning skills such as resiliency self motivation and collaboration **Fundamentals of Gifted Education** Carolyn M. Callahan, Holly L. Hertberg-Davis, 2013 The field of gifted education is characterized by a confusing array of perspectives concerning such fundamental issues as definition philosophy curriculum social and emotional development and underserved populations The mission of this book is to provide a coherent framework that instructors and

service providers can use in planning effective programs providing appropriate counseling services and evaluating programs for the gifted Most sections are organized around fundamental issues confronting the field and follow a common structure an introductory chapter that provides historical and theoretical background and organizing questions followed by several point of view chapters written by experts that provide varied perspectives on the topic at hand Distinguishing Features Comprehensive Coverage The book s forty five manageable length chapters cover the full range of topics that must be considered in planning programs and services for gifted students both within and outside of school Coherent Structure Section introductions provide background information and organizing questions to guide chapter authors who provide varying views of the issue at hand The emphasis is not on the right way or the wrong way except when clearly documented bad practice is discussed but on how best practice stems from well informed and logical decision making Decision Making Focus The book s introductory chapter addresses the need for a clearly developed and consistently applied set of values to guide decision making Likewise each section introduction includes a decision making framework regarding some aspect of educating counseling or parenting gifted students This book is appropriate for introductory level courses in gifted education or courses in program development and planning It is also suitable for school personnel responsible for making program planning decisions in the area of gifted education and for academic libraries with holdings in this area
