SHARIAH GOVERNANCE MADE EASY Ben Ahmad, 2020-01-01 Thousands of authors and books have been published about everything pertaining to Shariah and any related matters to it But none of them has put effortless reading material on how to understand Shariah in the simplest manner but practical at the same time From the head to toe publications also have been filling our book stores around the

globe and yet still a lot of people unable to imply Shariah in a practical manner in their personal lives schools offices manufacturers or even worship houses This is to say that Shariah has been given a typical understanding such as a good looking attire the ethical values most and how you spoke to the others and the perceptions rather than desired practices But believe me Shariah in the real meaning is none of those which we traditionally took it and realize it It way better than that whereas we can try to grasp it from this little tiny book Book Objectives 1 To increase the people understanding of Shariah 2 To erase the misunderstanding about Shariah governance 3 To share the practical manual about Shariah governance for a workplace
