Abstract

The accompanying book contains meeting call logs, data sheets and notes that can become time-saving devices in a number of respects. They let business travelers quickly find contact information and, if right, a meeting space, meeting room, dates and other event information. Additionally, the book contains a list of business resources and companies. These sources themselves often act as an employment configuration tool and can be highly useful to a number of regions. The Thomson's availability continues the company's tradition of being "there for you" (TM) before, during and after travel. Thomson's business solutions are supported by systems from other Thomson divisions in the industry. For more information, see <http://www.thomson.com>.
