House,1996 Covers receipts and expenditures of appropriations and other funds , House Document ,1999 Where There Are Asians, There Are Rice Cookers Yoshiko Nakano,2009-12-01 This is the first English language book to focus on the electric rice cooker and the impact it has had on the lives of Asian people This account of the rice cooker s globalization aims to move away from Japan centric perspectives on how Made in Japan products made it big in the global marketplace instead choosing to emphasize the collaborative approach adopted by one Japanese manufacturing giant and a Hong Kong entrepreneur The book also highlights the role Hong Kong as a free port played in the rice cooker s globalization and describes how the city facilitated the transnational flow of Japanese appliances to Southeast Asia China and North America Based on over 40 interviews conducted with key figures at both National Panasonic and Shun Hing Group it provides a fascinating insight into the process by which the National rice cooker was first localized and then globalized Interspersed throughout are personal accounts by individuals in Japan and Hong Kong for whom owning a rice cooker meant far more than just a convenient way of cooking rice The book includes over 60 images among them advertisements dating back to the 1950s that illustrate how Japanese appliances contributed to the advent of a modern lifestyle in Hong Kong This account of the rice cooker s odyssey from Japan to Hong Kong and beyond is intended for a general audience as well as for readers with an interest in the empirical study of globalization intercultural communication Hong Kong social history and Japanese business in Asia *Commercial Directory* ,2005 **U.S. Coast Guard systems times** ,2005 North West Province ,1998 **Routledge Handbook of Sustainable Product Design** Jonathan Chapman,2017-05-08 As a cultivated form of invention product design is a deeply human phenomenon that enables us to shape modify and alter the world around us for better or worse The recent emergence of the sustainability imperative in product design compels us to recalibrate the parameters of good design in an unsustainable age Written by designers for designers the Routledge Handbook of Sustainable Product Design presents the first systematic overview of the burgeoning field of sustainable product design Brimming with intelligent viewpoints critical propositions practical examples and rich theoretical analyses this book provides an essential point of reference for scholars and practitioners at the intersection of product design and sustainability The book takes readers to the depth of our engagements with the designed world to advance the social and ecological purpose of product design as a critical twenty first century practice Comprising 35 chapters across 6 thematic parts the book s contributors include the most significant international thinkers in this dynamic and evolving field **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1964 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June **Commerce Business Daily** ,1998-11 *Servitization in Industry* Gunter Lay,2014-06-13 This book summarizes the interim result of the servitization activities in manufacturing industries

While the early literature on servitization tended to stress only its advantages more recently scholars have also started to refer to the challenges associated with servitization This book attempts to give a balanced picture of servitization The book is structured in four parts Part I introduces the topic by presenting the most recent academic discussion about servitization and uses an empirical analysis to show the degree of servitization across Europe The results of this analysis are then compared to the discussion in the literature This comparison highlights the existing discrepancies between the rather euphoric literature and the more skeptical practical experience The second and third parts attempt to explain these discrepancies by taking as a starting point the assumption that servitization recommendations have to consider the heterogeneity of the manufacturing sector and the capabilities of the provider Part II presents articles which analyze the specific characteristics of different sectors with their barriers and potentials and presents frameworks for a successful servitization of the core sectors in European manufacturing industries which include e g aeronautics automotive ICT chemical industries pulp and paper industries and different engineering sectors Part III focuses on companies capabilities which are necessary for successful servitization These include strategic management marketing organization innovation engineering human resources controlling quality and networks All the contributions in parts II and III add up to a detailed picture of servitization for sectors and functions and indicate the practical implications for enterprises in manufacturing industries The fourth part concludes the book with a chapter summarizing the findings and giving an outlook of servitization in manufacturing industries its challenges and future developments
