Smaller Faster Lighter Denser Cheaper Robert Bryce, 2014-05-13 Manhattan Institute fellow Robert Bryce's personal idiosyncratic style fuels an important argument. He celebrates innovation, technology, and freedom as the answers to environmental concerns, repeatedly illustrating potential solutions that many of those forecasting climate calamity don't mention while suggesting what humanity's future could and should be. In this urgent, if reductive treatise, he proves an eccentric contrarian. His sort of random capitalization things aren't faster; they are. Faster can irritate, and rather than answer objections or counterarguments, Bryce tends to just elude them, but he consistently remains intriguing. While always neutral politically, getAbstract suggests Bryce's optimistic look ahead to all those interested in the environment, the future, and how innovation builds on itself.

Introducing Hibirism Donald Mokgale, Ernest Nkomotje, 2024-05-27 Brace yourself for a thrilling journey into the heart of black life and culture through the philosophy of Hibirism, masterminded by Donald Mokgale and Ernest Nkomotje. Hibirism, a noun derived from the social greeting *hibiri* made famous by the South African song *Sister Bethina*, a hit by musician Mgarimbe in 2006, adds depth and meaning to the salutation and signifies *hibiri*. The goal is to explain some of the underlying reasons behind our actions and uncover profound insights within the experiences of black life. Ultimately, Hibirism transforms an empty signifier into a noun referring to a specific philosophy or set of ideas that elevate social situations and challenge existing norms. This book contains humorous anecdotes, thought-provoking ideas, witty banter, and profound observations on black life, showcasing Hibirism at play. The book also shows how Hibirism can be used as a tool for creative problem-solving as it probes deeper into conventions to unearth insights like no other framework. Among many captivating topics, they embark on a quest to discover the perfect *vetkoek igwinya*, draw parallels between the arrangement of atoms and four *four masihlalisane*, a seating arrangement in local taxis, offer a deep dive into the *Amapiano* movement, and even share the tale of Bobby, a beloved township dog known to survive on nothing but a diet of *pap* and *H2O*. If you are an individual or a business aiming to deepen your understanding and build a more meaningful connection with the black world, *Introducing Hibirism* is for you. Join the movement, *Hibiri*!
