Carol Hampson

No Place To Fall:

No Place to Fall Victor Saunders, 2013-03-14 No Place to Fall is Victor Saunders' follow up to his Boardman Tasker Prize winning debut book *Elusive Summits* Covering three expeditions to familiar and unfamiliar ranges in Nepal the Karakoram and the Kumaon each shares the exhilaration of attempting new alpine style routes on terrifyingly committing mountains In 1989 Victor Saunders and Steve Sustad completed a difficult route on the West Face of Makalu II only to be brought to a storm bound halt above 7000 metres while descending Without food or bivouac gear they endured a tortuous descent after a night in the open Two years later the pair were with a small team in the Hunza valley exploring elusive access to a giant hidden pillar on the unvisited South East Face of Ulu Thang one of the highest and most shapely of the world's unclimbed peaks Climbing at night to avoid being caught out by the torture of sun on ice they were a few pitches from the summit ridge on soft snow and rotten ice before equipment failure committed them to a dire descent In 1992 Victor Saunders was part of a joint Indian British team climbing various peaks in the Panch Chuli range and exploring its approaches from the west A happy and successful expedition narrowly avoided ending in tragedy when Stephen Venables broke both legs in a fall on the descent from Panch Chuli V and Chris Bonington survived another fall going to his aid The dramatic evacuation of Venables in which the author took a major part forms an exciting climax to a book which describes at first hand what it is like on the cutting edge of contemporary alpine style climbing in the world's highest mountains As well as exciting climbing action No Place to Fall offers enviable mountain exploration enriched by sharing the lives of the mountain peoples along the way Victor Saunders also casts a perceptive if bemused eye over his fellow climbers and reflects on the calculation of risk that drives them back year after year to chance their lives in high places

Freedom to Fall Carol Hampson, 2012-09-19 He climbed only to let go and now she must follow Shockwaves had already reached the rock climbing community when Carol was awakened in the night with the news of her sons death Chris Hampson a well known climber whose grace warmth commitment and Zen like focus inspired many friends had fallen to his death in Yosemite National Park This moving memoir tells how a mother seeking to understand her sons passion and confronting deep questions of mortal life learns to climb up from despair She had always believed that to encourage her childrens freedom was the greatest gift she could give But now that belief is shaken Grasping for ground struggling to accept his passing she discovers a remarkable truth love transcends time and space You never really lose who you love The first anniversary of Chriss death is marked by Carols pilgrimage to Yosemite where among perennial climbers and granite gods she scatters his ashes and begins to release him
