The Well-Trained Mind Susan Wise Bauer, Jessie Wise, 2016-08-09 Is your child getting lost in the system becoming bored losing his or her natural eagerness to learn If so it may be time to take charge of your child s education by doing it yourself The Well Trained Mind will instruct you step by step on how to give your child an academically rigorous comprehensive education from preschool through high school one that will train him or her to read to think to understand to be well rounded and curious about learning Veteran home educators Susan Wise Bauer and Jessie Wise outline the classical pattern of education called the trivium which organizes learning around the maturing capacity of the child s mind and comprises three stages the elementary school grammar stage when the building blocks of information are absorbed through memorization and rules the middle school logic stage in which the student begins to think more analytically and the high

school rhetoric stage where the student learns to write and speak with force and originality Using this theory as your model you ll be able to instruct your child whether full time or as a supplement to classroom education in all levels of reading writing history geography mathematics science foreign languages rhetoric logic art and music regardless of your own aptitude in those subjects Thousands of parents and teachers have already used the detailed book lists and methods described in *The Well Trained Mind* to create a truly superior education for the children in their care This extensively revised fourth edition contains completely updated curricula and book lists links to an entirely new set of online resources new material on teaching children with learning challenges cutting edge math and sciences recommendations answers to common questions about home education and advice on practical matters such as standardized testing working with your local school board designing a high school program preparing transcripts and applying to colleges You do have control over what and how your child learns *The Well Trained Mind* will give you the tools you ll need to teach your child with confidence and success

The Science Teacher ,2008 SCC Library has 1964 cur *Breaking the Mold of Education for Culturally and Linguistically Diverse Students* , Andrea Honigsfeld,Audrey Cohan,2012-05-03 As editors of *Breaking the Mold of School Instruction and Organization Innovative and Successful Practices for the 21st Century* 2010 and *Breaking the Mold of Preservice and Inservice Teacher Education Innovative and Successful Practices for the 21st Century* 2011 we have explored innovative practices many of which represent issues of diversity from multiple perspectives and schools of thought As we have considered relevant factors problems and circumstances that influence effective education we most readily recognize that within the twenty first century issues of diversity have become even more profound This book the third in the *Breaking the Mold* series was conceptualized with the hope that by sharing compelling stories of successful innovation advocacy and social justice more children and their families will be affected in positive ways The narratives presented in this volume are rooted in classrooms districts communities teacher preparation programs from around the United States and many corners of the world The unique initiatives portrayed here represent collaborative efforts by students teachers administrators professors parents boards of education and global citizens who believe in change and transformation for the betterment of education
