Nodal Logistics Corporation is a Real Estate Investment Trust (REIT) that focuses acquisition of industrial warehouses and logistics property in high density markets. It aims the majority of its warehouse investments and leases fully tenanted or almost fully tenanted properties. NLC is looking for industrial property 200,000 sq ft or less and 100,000 sq ft or less industrial property leased to Top Five. Based on this, NLC has 200 million square feet of industrial warehouse space including warehouses, logistics, adjacent areas to Top Five combined with expected growth in industrial space. As a REIT, NLC focuses on the acquisition, development, and operation of industrial facilities. Top Five seems to be an attractive holding for NLC which is a source of challenges in regard to major Brazilian market. First challenge NLC would face is its company with the highly volatile Brazilian currency. Secondly, currency risks as a non-Brazilian parent in the form of dividends and that is a hurdle. Thirdly, local supply contracts (commitment) in Brazilian market is a real challenge. NLC has been willing to negotiate cost control agreements in B.R. dollars, which has been

submitted to be international currency.
