Life in Transit: Theological and Ethical Contributions on Migration Manitza Kotzé, Riaan Rheeder, 2020-12-31 Migration is an issue that is under discussion worldwide and affects South Africa the United States of America and Germany in a distinctive way This book reflects academically on this significant and topical subject of migration from the often neglected perspective of the fields of theology and Christian ethics While the majority of contributions are from the South African context there are also chapters reflecting on the topic from the other two aforementioned contexts While numerous publications have recently appeared on the subject reflection from theology and Christian ethics are often lacking As such this scholarly publication wants to add ethical value to the local and global conversations on the theme from a theological perspective The book reflects on migration from the perspectives originated in the disciplines of biblical studies the Hebrew Bible and the New Testament systematic theology ecumenical studies Christian ethics practical theology and missiology It presents new and innovative inquiries primarily from a qualitative methodological viewpoint The book unveils new themes for deliberation and provides novel interpretations and insights into existing research *Revisiting Ethnolinguistic Vitality* Natasha E. Ravyse, 2021-12-28 This book examines traditional theories of linguistic vitality in the context of subcultural languages It argues that traditional methods of investigating linguistic vitality are according to existing literature not as reliable as they appear and therefore limited in their testability The author looks at themes such as the relationships between language and culture ethnicity within the scope of sociolinguistics and the notion of ideolinguistic vitality where traditional views intersect with more contextually current ones She also highlights the importance of studying the nature and principles of subcultural languages which help better inform our understanding of the superdiverse linguistic world The volume makes a major contribution to modern sociolinguistics by offering a detailed account of developing a unique measuring instrument to gauge the vitality of subcultural languages which is applicable to more than just subcultural linguistics An indispensable text in the study of ethnolinguistic vitality the book will be of interest to students and researchers of sociolinguistics applied linguistics identity theory philology language and literature cultural studies and postcolonial studies **The Origin and Growth of Geography as a discipline at South Africa Universities** Gustav Visser, 2016-09-20 The publication provides the first comprehensive text that reflects on a century of the development of geography as an academic discipline at South African universities The book showcases a broad and textured review of South Africa s geography departments their staff members their times and the different Geographies they engaged in The book lays the foundation from which more expansive individual departmental histories can be written in the future *Understanding Relational and Group Experiences through the Mmogo-Method®* Vera Roos, 2016-07-13 This volume describes the development and application of the Mmogo method as a projective visual data gathering method applied in different contexts and with different groups of people Mmogo means togetherness in Setswana one of the 11 official languages of South Africa The Mmogo method provides a deep understanding

of personal relational and group experiences and is particularly useful in cross cultural contexts and across age groups By allowing visual expressions of the self as a complex dynamic social system it overcomes some of the limitations of traditional data collection methods such as questionnaires or interviews The book draws together contributions by leading social scientists to show how this flexible visual data collection method can be used independently or jointly with other data gathering techniques such as journalling or in depth interviewing to acquire rich information The research method described here enables investigators to access perceptions feelings and personal experiences participants might otherwise find hard to verbalize and explain Researchers in disciplines such as education social sciences consumer sciences market research and city and town planning will find this book and its innovative method particularly valuable in addressing a gap in available visual and other data collection resources

The role secondary cities play in the global space economy and national urban hierarchies is increasingly receiving attention from scholars and international agencies, most notably the Cities Alliance. Secondary Cities and Development considers the role of secondary cities through the lens of South Africa, a middle income country with characteristics of both the developed and developing worlds. This book brings together a broad overview of international literature on secondary cities in South Africa and mirrors them against global experience. Chapters emphasize the importance of secondary cities as regional services areas, their potential roles in rural development, the vulnerabilities to which they are prone, and their significant potential. By means of reviewing six South African case studies and an assessment of contemporary policy approaches towards these cities, this unique volume provides insight into a spectrum of globally significant challenges. This book would be of interest to academics and policy makers working in urban studies or regional development.
