Picturing Texts Lester Faigley:

Picturing Texts Lester Faigley, 2004-01 Redefining composition to include conscious attention to images and design
Picturing Texts is the first writing textbook to show students how to compose visual texts as well as how to read them

PICTURING TEXTS, 1ST ED. LESTER. FAIGLEY, *The Rhetoric of Cool* Jeff Rice, 2007-05-11 The Rhetoric of Cool Composition Studies and New Media offers a historical critique of composition studies rebirth narrative using that critique to propose a new rhetoric for new media work Author Jeff Rice returns to critical moments during the rebirth of composition studies when the discipline chose not to emphasize technology cultural studies and visual writing which are now fundamental to composition studies Rice redefines these moments in order to invent a new electronic practice The Rhetoric of Cool addresses the disciplinary claim that composition studies underwent a rebirth in 1963 At that time three writers reviewed technology cultural studies and visual writing outside composition studies and independently used the word cool to describe each position Starting from these three positions Rice focuses on chora appropriation commutation juxtaposition nonlinearity and imagery rhetorical gestures conducive to new media work to construct the rhetoric of cool An innovative work that approaches computers and writing issues from historical critical theoretical and practical perspectives The Rhetoric of Cool challenges current understandings of writing and new media and proposes a rhetorical rather than an instrumental response for teaching writing in new media contexts **Picturing Texts** Cheryl E. Ball, 2004 **Understanding Rhetoric** Eamon

M. Cunningham, 2020-01-01 Understanding Rhetoric A Guide to Critical Reading and Argumentation is a composition textbook that outlines three essential skills rhetoric argument and source based writing geared towards newcomers and advanced students alike Though comprehensive in its coverage the book's focus is a simple one how to move beyond a gut reaction while reading to an articulation of what is effective and what is not while explicitly answering the most important question of Why This text gets at this central concern in two fundamental ways First the text teaches composition as a cumulative process coaching you how to question challenge and expand on not just the readings you hold in your hands but also how to interrogate the internal processes of writing and thinking The book's blend of composition methods detail the cross point of product and process to turn reading and writing from a matter of coming up with answers to questions to learning what type of questions need to be asked in the first place The right questions the text argues are fundamentally rhetorical in nature Second the content of the practice based chapters is framed into a larger mesh of intellectual history to show how the writing and thinking you are doing today is continuous with a long history of writing instruction that goes back to the ancient world This book provides equal representation from classical and contemporary theory with the recognition that theory cannot be fully grasped without practice and practice cannot be fully understood without its theoretical antecedent After all you can't write outside the box until you know where the box is and what it looks like *Writing with Scissors* Ellen Gruber Garvey, 2012-11-02 Men and women 150 years ago grappled with information overload by making

scrapbooks the ancestors of Google and blogging From Abraham Lincoln to Susan B Anthony African American janitors to farmwomen abolitionists to Confederates people cut out and pasted down their reading Writing with Scissors opens a new window into the feelings and thoughts of ordinary and extraordinary Americans Like us nineteenth century readers spoke back to the media and treasured what mattered to them In this groundbreaking book Ellen Gruber Garvey reveals a previously unexplored layer of American popular culture where the proliferating cheap press touched the lives of activists and mourning parents and all who yearned for a place in history Scrapbook makers documented their feelings about momentous public events such as living through the Civil War mediated through the newspapers African Americans and women s rights activists collected concentrated and critiqued accounts from a press that they did not control to create unwritten histories in books they wrote with scissors Whether scrapbook makers pasted their clippings into blank books sermon collections or the pre gummed scrapbook that Mark Twain invented they claimed ownership of their reading They created their own democratic archives Writing with Scissors argues that people have long had a strong personal relationship to media Like newspaper editors who enthusiastically scissorized and reprinted attractive items from other newspapers scrapbook makers passed their reading along to family and community This book explains how their scrapbooks underlie our present day ways of thinking about information news and what we do with it

Poetics of the Iconotext Professor Liliane Louvel, 2013-05-28 Poetics of the Iconotext makes available for the first time in English the theories of the respected French text image specialist Professor Liliane Louvel A consolidation of the most significant theoretical materials of Louvel s two acclaimed books *L Oeil du Texte* *Texte et image dans la litt rature anglophone* and *Texte Image Images lire textes voir* this newly conceived work introduces English readers to the most current thinking in French text image theory and visual studies Focusing on the full spectrum of text image relations from medieval illuminated manuscripts to digital books Louvel begins by introducing key terms and situating her work in the context of significant debates in text image studies Part II introduces Louvel s s typology of pictorial saturation through which she establishes a continuum along which to measure the effect of the most figurative to the most literal images upon writerly and readerly textual spaces Part III adopts a phenomenological approach towards the reading viewing experience as expressed in conceptual categories that include the trace focal range synesthesia and rhythm and speed The result is a provocative interplay of the categorical and the subjective that invites readers to think at once more precisely and more inventively about texts images and the intersections between the two

Writing for Visual Thinkers Andrea Marks, 2011-03-18 Writing can be a challenge especially for artists and designers who tend to be more visual than verbal Writing for Visual Thinkers A Guide for Artists and Designers is designed to help people who think in pictures a segment of learners that by some estimates includes almost 30 percent of the population gain skills and confidence in their writing abilities Writing for Visual Thinkers approaches the craft of writing from many directions all with the ultimate goal of unblocking the reader s verbal potential It offers a guide to mind mapping concept

mapping freewriting brainwriting word lists and outlines as well as provides student examples tips on writing grant proposals reasons for keeping a blog and more Critique methods criticism narrative and storytelling hypertext editing graphic novels and comics and many more topics round out this groundbreaking book Both experimental and pragmatic Andrea Marks s methods will result in stronger more verbally confident artists and designers Developed in partnership with AIGA this book is for the visual learners everywhere who have always wanted or needed to improve their writing skills whether they specialize in graphic design web design industrial design interior design allied design or fashion design All of Peachpit s eBooks contain the same content as the print edition You will find a link in the last few pages of your eBook that directs you to the media files Helpful tips If you are able to search the book search for Where are the lesson files Go to the very last page of the book and scroll backwards You will need a web enabled device or computer in order to access the media files that accompany this ebook Entering the URL supplied into a computer with web access will allow you to get to the files Depending on your device it is possible that your display settings will cut off part of the URL To make sure this is not the case try reducing your font size and turning your device to a landscape view This should cause the full URL to appear

Pedagogies of Public Memory Jane Greer,Laurie Grobman,2015-06-12 Pedagogies of Public Memory explores opportunities for writing and rhetorical education at museums archives and memorials Readers will follow students working and writing at well known sites of international interest e g the Flight 93 National Memorial in Shanksville Pennsylvania and the U S Holocaust Memorial Museum at local sites e g vernacular memorials in and around Muncie Indiana and the Central Pennsylvania African American Museum in Reading Pennsylvania and in digital spaces e g Florida State University s Postcard Archive and The Women s Archive Project at the University of Nebraska Omaha From composing and delivering museum tours to designing online memorials that challenge traditional practices of public grief to producing and publishing a magazine containing the photographs and stories of individuals who lived through historic moments in the Freedom Struggle to expanding and creating new public archives the pedagogical projects described in this volume create richly textured learning opportunities for students at all levels from first year writers to graduate students The students and faculty whose work is represented in this volume undertake to reposition the past in the present and to imagine possible new futures for themselves and their communities By exploring the production of public memory this volume raises important new questions about the intersection of rhetoric and remembrance

Upsetting Composition Commonplaces Ian Barnard,2014-07-15 In Upsetting Composition Commonplaces Ian Barnard argues that composition still retains the bulk of instructional practices that were used in the decades before poststructuralist theory discredited them While acknowledging that some of the foundational insights of poststructuralist theory can be difficult to translate to the classroom Barnard upends several especially intransigent tenets that continue to influence the teaching of writing and how students are encouraged to understand writing Using six major principles of writing classrooms and textbooks clarity intent voice ethnography audience

and objectivity Barnard looks at the implications of poststructuralist theory for pedagogy While suggesting some evocative poststructuralist pedagogical practices the author focuses on diagnosing the fault lines of composition s refusal of poststructuralism rather than on providing solutions in the form of teaching templates *Upsetting Composition Commonplaces* addresses the need to more effectively engage in poststructuralist concepts in composition in an accessible and engaging voice that will advance the conversation about relations between the theory and teaching of writing
