

Good evening, Class of 2027, teachers, staff, parents, and honored guests. Today, we're here to celebrate the end of our middle school journey and the beginning of a new chapter in our lives.

(👉👉👉👉)

For the past three years, we have worked tirelessly to get to this point. We have faced misfortunes, overcome obstacles, and persevered in the face of adversity. But we did not do it alone. We had the support of our families, our teachers, and our friends. And for that, we are forever grateful. Remembering back to sixth grade the first year of middle school during distance learning where no one would put their cameras nor mic on, to entering 7th grade where we were able to truly grasp the essence of middle school, and finally, now in 8th grade where we were able to make the best memories of our middle school journey that will last a lifetime. From enlightening to joyful experiences, I have come to appreciate the journey and the friendships I have made along the way.

I am also profoundly thankful to the staff here at Leading Edge who have helped me (or us) grow throughout these significant 3 years. Mrs. Novello Taught us how to be unique and to express ourselves the works of art. Then to Mr. Shane the one and only P.E teacher who has helped us, to be vigorous individuals while running' those stressful miles. To Ms. LaChapelle who has seen us grow throughout all 3 years of middle school by teaching us to be technical savvy. And then there is of course, Mrs. Williams's heartfelt personality that has guided us to become proficient students academically in her stems classes. Then Last but not least Mr. Lang, even though his vocab test weren't my favorite I still loved the fact he would always find ways to make us engaged and have fun while doing these assignments/projects.

But now, as we stand on the threshold of high school, we must take a moment to reflect on what we have accomplished, and what we hope to achieve in the years to come. "We must set our sights high, aim for the stars, and refuse to settle for anything less than greatness".

But we've also faced our fair share of setbacks and disappointments. We've lost games, failed tests, and faced rejection. But through it all, we've learned that

Principal Speeches For Promotion:

Principals Avoiding Lawsuits David Schimmel, Suzanne Eckes, Matthew Militello, 2017-03-20 This book gives principals the tools they need to avoid lawsuits by teaching their staff the information they need to practice preventive law. Lawsuits often begin when teachers unintentionally violate students' rights such as searching a student's cell phone without reasonable suspicion or failing to follow a student's Individualized Education Program. These violations do not occur because teachers intend to break the law. They occurred because the vast majority of teachers are not required to learn about the rights and responsibilities of students and teachers in their teacher preparation programs. As a result, most teachers get their legal information from the law school of the teachers lounge that is from colleagues who are similarly uninformed and misinformed. Instead, what teachers want and need is an in-service program that will provide them with a basic understanding of school law. But most busy principals don't have the time, knowledge, and resources to provide such a program for their staff. This book will meet this critical unmet need. It provides principals with the resources and lesson plans they need to incorporate school law into their professional development program. As a result, their teachers will get their information about school law from a reliable source, not from the rumors, fears, and myths of the teachers lounge. By empowering their teachers with legal knowledge, principals and teachers will avoid lawsuits by becoming partners in the practice of preventive law. **Principal's Notes**, 1920 **A Memoir of the Life of John Tulloch, D.D., LL.D.
