North West University Application Form 2016:

A Treatise on Christian Banking Morten Bosterud, 2022-08-01 From a moral perspective all banking practice and theory can be seen as value driven Therefore there will be no such thing as value neutral banking activities and the application of Christian ethical and pastoral principles adds insights to the field of banking for all its involved stakeholders This book contributes to the specific scientific discourse of practical theology as this typically appears within the subfields of ethics and pastoral studies Christian ethics and pastoral principles as applied in banking make up a largely neglected area in the wider academic discourse found within practical theology and the research presented in this book contributes new knowledge to the field with particular emphasis on banking practice It is expected that the theories presented herein will be of interest for other scholars not only within the realm of practical theology but also in a cross domain perspective where scholars in a broad field of disciplines may find the research and academic positions of interest Such academic fields would include economics finance business administration sociology history anthropology and perhaps more This expectation may not least be derived from the increasing focus on Corporate Social Responsibility CSR as this has emerged over the last decades within the wider business realm in general whence the world of banking has followed suit Alongside this development an emergence of Islamic banking has been seen which has showed substantial growth and success *Towards a*

Transformative Pedagogy for Early Childhood Care and Education Naseema Shaik, Trevor Moodley, 2024-07-12 This book addresses the priorities and possibilities towards developing transformative pedagogies in post apartheid South Africa To this end the book has assembled a group of researchers who interrogated and engaged with a variety of dimensions that warrant pedagogical change in early childhood in South Africa The book focuses on young children practitioners and leaders with intersecting discussions about envisaged systemic changes to promote transformative pedagogies The collection highlights the importance of beliefs ways of knowing and ways of being as framings that impact on pedagogical approaches The book discusses the challenges that interplay between priorities and possibilities that practitioners face in a diverse and multi cultural society like South Africa The work uses a variety of examples to show priorities One example is about how practitioners have limited knowledge about how music as a culturally responsive tool can be used to transform pedagogy in Early Childhood Care and Education The book opens up dimensions as priorities that lead to thinking about possibilities that recast adults and young children as transformative agents in a dimension for transformative pedagogies *Theoretical*

Approaches to Multi-Cultural Positive Psychological Interventions Llewellyn Ellardus Van Zyl, Sebastiaan Rothmann Sr., 2019-06-11 This volume provides theoretical perspectives on and approaches to the development or enhancement of positive psychological capacities within various multi cultural professional and organizational contexts Specifically it presents theoretical frameworks for the identification development and optimization of positive psychological capacities through a contemporary multi cultural and multi disciplinary lens In recent years the applicability of positive psychological intervention

PPI techniques has transposed the boundaries of clinical practice into a wide array of complementary domains such as law education business and even design sciences such as architecture These interventions target the enhancement of positive psychological capacities e g strength identification and use high performance learning appreciative design job crafting in order to not only improve individual functioning well being and the treatment of various forms of psychopathology but also to enhance team functioning performance organizational growth and community development Despite its importance very little research has been done on the design of PPIs applicable to multi cultural contexts The contributions to this volume provide insights into this hitherto neglected area of research
