Not Guilty by Reason of Menopause Leigh Anne Jasheway-Bryant,2009-09-23 [The Publishers Weekly](#) ,2008 [Pretty Evil New England](#) Sue Coletta,2020-11-01 For four centuries New England has been a cradle of crime and murder from the Salem witch trials to the modern day mafia Nineteenth century New England was the hunting ground of five female serial killers Jane Toppan Lydia Sherman Nellie Webb Harriet E Nason and Sarah Jane Robinson Female killers are often portrayed as caricatures Black Widows Angels of Death or Femme Fatales But the real stories of these women are much more complex In Pretty Evil New England true crime author Sue Coletta tells the story of these five women from broken childhoods to first brushes with death and she examines the overwhelming urges that propelled these women to take the lives of a combined total of more than one hundred innocent victims The murders investigations trials and ultimate verdicts will stun and surprise readers as they live vicariously through the killers and the would be victims that lived to tell their stories

Infanticide Rachel Dixon,2023-02-02 Infanticide examines medical expert evidence in infanticide cases focusing specifically on the shifting notion of certainty in medical testimony Beginning in the Early Modern period and concluding in the mid twentieth century it considers how courts determined whether an infant died from natural causes or other reasons including violence The book explores expert evidence in cases of infanticide and examines the extent of certainty created by medical specialists who founded their testimony on anatomical exploration and science As the book progresses it becomes clear that medical specialists were unable to scientifically establish cause of death and in doing so conveyed uncertainty in court proceedings Rather than being regarded as a professional failing Dixon argues that the uncertainty created by medical specialists redirected the outcomes of infanticide cases The combination of uncertainty and the changing perceptions of infanticidal women by the court lead juries to find infanticidal women not guilty of a capital offence in many cases This book will be of great interest to students and scholars of Criminology Law and History
