

A black and white photograph of a salt flat landscape. The flat is divided into several rectangular and irregular pools of water by low, raised earthen walls. Two people are visible in the foreground, standing in one of the pools. The person on the left is wearing a hat and dark clothing, and the person on the right is wearing a hat and dark clothing, and is holding a bucket. The background shows a steep, dark hillside.

**Nova**, 2019 **Making it tangible. Learning outcomes in science education** Sascha Bernholt, Knut Neumann, Peter Nentwig, 2012 One of the central features in current educational reforms is a focus on learning outcomes Many countries have established or revised standards to describe what teachers are supposed to teach and students are expected to learn More recently the emphasis has shifted to considerations of how standards can be operationalized in order to make the outcomes of educational efforts more tangible This book is the result of a symposium held in Kiel that was arranged by two science education groups one at the IPN Leibniz Institute for Science and Mathematics Education at the University of Kiel in Germany and the other at the University of York UK The seminar brought together renowned experts from 12 countries with different notions of the nature and quality of learning outcomes The aim was to clarify central conceptions and approaches for a better understanding among the international science education community The book is divided into five parts In Part A the organizers set the scene describing the rationale for arranging the symposium Part B provides a broad overview about different approaches challenges and pitfalls on the road to the clarification of meaningful and fruitful learning outcomes The set of papers in Part C provides deep insights into different although comparable approaches which aim to frame to assess and to promote learning and learning outcomes in science education Smaller projects are presented as well as broad coordinated national programs The papers in Part D outline the individual historical development from different national perspectives reflecting the deficits and problems that led to current reforms Finally a summary of the organizers analyses the conclusions from different vantage points Brinkman's catalogus van boeken en tijdschriften, 2001 With 1901 1910 1956 1960 Repertorium is bound Brinkman's Titel catalogus van de gedurende 1901 1910 1956 1960 Title varies slightly Nova, 2019 Brinkman's cumulatieve catalogus van boeken, en verder in den boekhandel voorkomende artikelen, 2000 Voorts een alphabetische lijst van Nederlandsche boeken in Belgi uitgegeven Boekblad, 2001 **Brinkman's cumulatieve catalogus van boeken**, 2001 Voorts een alphabetische lijst van Nederlandsche boeken in Belgi uitgegeven Nova : nieuwe scheikunde T.
