Representations of the World in Language Textbooks Karen Risager,2018-01-08 This book presents a new and comprehensive framework for the analysis of representations of culture society and the world in textbooks for foreign and second language learning The framework is transferable to other kinds of learning materials and to other subjects The framework distinguishes between five approaches national studies citizenship education studies cultural studies postcolonial

studies and transnational studies In a series of concrete analyses the book illustrates how one can describe and uncover representations of the world in textbooks for English German French Spanish Danish and Esperanto Each analysis is accompanied by suggestions of possible supplements and changes The book points to the need for language learning materials to deal seriously with knowledge about the world including its diversities and problems **Us/them** Gordon Collier,1992 Global Linguistic Flows H. Samy Alim,Awad Ibrahim,Alastair Pennycook,2008-10-01 Located at the intersection of sociolinguistics and Hip Hop Studies this cutting edge book moves around the world spanning Africa Asia Australia the Americas and the European Union to explore Hip Hop cultures youth identities the politics of language and the simultaneous processes of globalization and localization Focusing closely on language these scholars of sociolinguistics linguistic anthropology cultural studies and critical pedagogies offer linguistic insights to the growing scholarship on Hip Hop Culture while reorienting their respective fields by paying closer attention to processes of globalization and localization The book engages complex processes such as transnationalism im migration cultural flow and diaspora in an effort to expand current theoretical approaches to language choice and agency speech style and stylization codeswitching and language mixing crossing and sociolinguistic variation and language use and globalization Moving throughout the Global Hip Hop Nation through scenes as diverse as Hong Kong s urban center Germany s Mannheim inner city district of Weststadt the Brazilian favelas the streets of Lagos and Dar es Salaam and the hoods of the San Francisco Bay Area this global intellectual cipa breaks new ground in the ethnographic study of language and popular culture *The Routledge Companion to English Studies* Constant Leung,Brian V Street,2014-03-14 English is now a global phenomenon no longer defined by fixed territorial cultural and social functions The Routledge Companion to English Studies provides an authoritative overview of the subject area Taking into account the changing conceptualisations of English this Companion considers both historical trajectories and contemporary perspectives whilst also showcasing the state of the art contributions made by the established scholars of the field The Routledge Companion to English Studies provides a set of broad perspectives on English as a subject of study and research highlights the importance of the link between English and other languages within the concepts of multilingualism and polylingualism investigates the use of language in communication through the medium of digital technology covering key issues such as Digital Literacies Multimodal Literacies and Games and Broadcast Language explores the role of English in education taking account of social ethnographic and global perspectives on pedagogical issues This collection of thirty four newly commissioned articles provides a comprehensive and up to date picture of the dynamic and diverse field of English Studies and will be an invaluable text for advanced students and researchers in this area Words in Collision Michael L. Ross,2023-04-15 For centuries English language writers have borrowed words and phrases from other languages in their fictional works Words in Collision explores this tradition of language mixing and its consequences Returning to Shakespeare s Henry V Michael Ross asks why writers employ foreign phrases in their English language texts

why this practice continues and what it means He finds that the insertion of foreign elements rather than random or arbitrary occurs in literary works that display a self conscious preoccupation with language in general as a dynamic determinant of social relations Discussing nineteenth century works by Sir Walter Scott Charlotte Bront and Henry James the book demonstrates how multilingualism connects with themes of cosmopolitanism estrangement and resistance to social convention In the second half of the book the multilingual practices of canonical Anglo American literature are compared with postcolonial texts by Caribbean Nigerian and Indian authors including Chimamanda Ngozi Adichie and Arundhati Roy whose choice of language is fraught with complex moral and artistic implications Ross s readings reveal both crucial departures and surprising underlying continuities in linguistic traditions often thought to be deeply divided in time space and politics The first extended treatment of language mixing in English texts *Words in Collision* is critical to understanding past practices and future prospects for multilingualism in fiction
