Pieter Daens Louis Paul Boon:

Pieter Daens Louis Paul Boon, 2014-10-10 Aan het einde van de negentiende eeuw leven de arbeiders in het fabrieksstadje Aalst in mensonwaardige omstandigheden Er is kinderarbeid soms is het werk gevaarlijk en ze wonen in krotten Uitgever Pieter Daens klaagt deze toestand aan in de dagbladen Het Land van Aalst en De Werkman Dit leidt tot een afsplitsing van de Katholieke Partij met haar behoudsgezinde voorzitter Charles Woeste Met Pieter Daens bewijst Louis Paul Boon opnieuw zijn literaire meesterschap **Historical research in the Low Countries 1970-1975** Alice C.

Carter, 2024-09-16 The five review articles included in this volume were produced by the Dutch History Seminar of the University of London with the assistance of several Belgian and Dutch historians They first appeared in the volumes VI X of the *Acta Historiae Neerlandicae* in 1978 renamed The Low Countries History Yearbook a periodical published by the Dutch Historical Society with the objective of bringing new publications on the history of the Low Countries in the Dutch language to the attention of English speaking historians These articles have been republished and provided with indexes in the hope that in this form they will also prove to be useful to students of Belgian and Dutch history who have not been regular readers of the *Acta* Should this publication be favourably received a subsequent volume covering the years 1976 1981 may be issued THE EDITORS VII Survey of recent Dutch Historiography ALICE C CARTER Editor INTRODUCTION This bibliographical article has been put together by members of the Dutch history seminar held at London University's Institute of Historical Research The article is intended for non Dutch reading scholars and indeed all who are interested in Netherlands history An attempt has been made and will continue to be made to survey important works published in the year previous to that in which the article is drawn up This year we have concerned ourselves with books or in the earlier part of 1971

Avant-Garde and Criticism, 2015-06-29 Avant Garde and Criticism sheds new light on the complex aims functions practices and contexts of art criticism in relation to the European avant garde Although many avant garde works and the avant gardes of various countries have been analyzed considerably less attention has been given to the reviews in newspapers and journals on avant garde literature art architecture and film This volume of Avant Garde Critical Studies will look at how art critics operated in a strategic way The strategies of avant garde criticism are diverse Art critics especially when they are artists themselves attempt to manipulate the cultural climate in their favour They use their position to legitimize avant garde concepts and to conquer a place in the cultural field But they are also markedly influenced by the context in which they operate The position of fellow critics and the ideological bias of the papers in which they publish can be as important as the political climate in which their criticism flourishes The analysis of avant garde art criticism can also make clear how strategies sometimes fail and involuntarily display non avant garde characteristics On the other hand traditionalist criticism on the avant garde offers new insights into its status and reception in a given time and place This volume is of interest for scholars teachers and students who are interested in the avant garde of the interbellum period and work in the

field of literature art film and architecture **Regional Cinema, Nationalism and Ideology: a Historical Reception Analysis of a Classic Belgian Movie, 'De Witte' (1934)** Daniël Biltereyst, 2005 Louis Paul Boon Luc Verhuyck, Theo Jochems, 1978 **Missionaries Among Miners, Migrants & Blackfoot** Leonard Van Tighem, Mary Eggermont-Molenaar, Victor Van Tighem, 2007 Using valuable primary source material most of which is previously unpublished and some of which has been translated from the Flemish Dutch and French editors Mary Eggermont Molenaar and Paul Callens introduce the Van Tighem brothers to today's reader Missionaries Among Miners Migrants and Blackfoot The Vantighem Brothers Diaries Alberta 1875 1917 contains the transcribed diaries of brothers Leonard and Victor Van Tighem Belgian Catholic missionaries in Alberta between 1874 and 1917 Leonard an Oblate priest served in a number of parishes in southern Alberta some of which he helped establish Victor a member of the Belgian Van Dale congregation served on the Peigan and Blood reserves in the southern part of the province Their diaries are interspersed with letters from family and friends and letters and articles by contemporary bishops and fellow priests and lay brothers The Van Tighems diaries offer a fascinating glimpse of life during Alberta's early settlement and growth the immigration boom the development of Lethbridge and the Peigan reserve railroads the mining industry and the impact of World War I are all part of the historical backdrop of the brothers diaries **Life Itself** Annie van den Oever, 2008 Life Itself is the first book length study in English of the great Flemish writer Louis Paul Boon A M A van den Oever begins by questioning the paradox between Boon's international reputation as a significant innovator of the novel and the peculiarly reductive biographical interpretations regularly uttered by some of his fellow countrymen and contemporaries She looks for answers in Boon's misinterpreted primitive Flemish and analyzes the so called refined pseudo primitive style within both the grotesque tradition Kafka van Ostaijen Gogol and the skeptical radical tradition of Nietzsche In addition she offers fresh insight into Boon's character Boontje seen by many as a diminutive for the writer himself outlining the sublime and slightly sinister relation of this quasi comical character to its mighty creator **Working Stiffs, Union Maids, Reds, and Riffraff** Tom Zaniello, 2018-05-31 The revised and expanded edition of Working Stiffs Union Maids Reds and Riffraff offers 350 titles compared to the original edition's 150 The new book is global in scope with examples of labor films from around the world Viewers can turn to this comprehensive annotated guide for films about unions or labor organizations labor history working class life where an economic factor is significant political movements if they are tied closely to organized labor production or the struggle between labor and capital from a top down either entrepreneurial or managerial perspective Each entry includes a critical commentary production data cast list MPAA rating if any suggested related films annotated references to books and websites for further reading and information about availability of films for rental and or purchase This edition addresses both historical and contemporary films and features many more documentaries and hard to find information about agitprop and union financed films Working Stiffs Union Maids Reds and Riffraff An Expanded Guide to Films about Labor features fifty

eight production stills and frame enlargements It also includes a greatly expanded Thematic Index of Films Two new sections will help the reader discover labor films in chronological order or by nationality or affiliation with certain cinematic movements To read Tom Zaniello s blog on the cinema of labor and globalization featuring even more reviews visit <http://tzaniello.wordpress.com> Praise for the earlier edition Zaniello has created a useful and far reaching guide with abundant information These are the sorts of films that prove what James Agee wrote in these pages nearly fifty years ago The only movies whose temper could possibly be described as heroic or tragic or both have been made by leftists The Nation Zaniello has done a monumental job identifying the films that should be included in this genre Working Stiffs Union Maids Reds and Riffraff is sorely needed and long overdue Cineaste An engaging and opinionated book Even though mining trucking Jimmy Hoffa and class warfare are the book s major themes what holds the project together is Zaniello s sense of fun and wit Zaniello is a better writer than most major film critics Village Voice Literary Supplement *The Bookshop of the World* Lotte Hellinga, Alastair Duke, Jacob Harskamp, Theo Hermans, 2021-10-25 Proceedings of a Conference held in London 15-17 september 1999 organized by The Association for Low Countries Studies University College London Centre for Dutch and Flemish Culture The British Library Dutch and Flemish section Wellcome Institute for the History of Medicine Twenty five papers by experts in their particular period or area were selected for publication Covering almost five centuries they represent a wholly modern approach to the history of the book and publishing in a European context highlighting for the first time the crucial role of the Low Countries in transmitting the intellectual heritage of an area well beyond their own changing borders Acta Historiae Neerlandicae IX R. Baetens, H. Balthazar, H. Van Dijk, Rosemary Duke, P. J. Van Kessel, D. J. Roorda, Nicolette Van Santen-Mout, E. Stols, K. W. Swart, B. A. Sijes, C. A. Tamse, 2012-12-06 In the Survey of Recent Historical Works which according to custom concludes this IXth volume of the Acta is a notice of the recent Report of the Dutch research with suggestions for future development Such a report could easily be classified as an attempt to bring pressure to bear on financial resources for support of a somewhat neglected branch of scientific effort indeed as a symptom of the current disease of notatititis A recent special issue Regeren door notas of the periodical Beleid and Maatschappij March April 1976 discusses this severe Dutch epidemic of official note writing for any purpose on any matter at any time by any sort of official committee to any sort of official body But even if such were the only reason for the production of this Report which indeed it is not the Report will stand on its own feet as significant and of consequence In general however this Report makes sad reading It would seem that Dutch historical research and historiography lags far behind comparable foreign developments There are said to be immense gaps in knowledge of and insight into virtually all fields of the Dutch past and moreover a total lack of modern sophistication Inevitably currently fashionable techniques such as programming coordination and teamwork are suggested as desirable and a preference is expressed for the currently highly regarded socio historical approach
