Advancing Formative Assessment in Every Classroom Connie M. Moss, Susan M. Brookhart, 2019-05-13 Formative assessment is one of the best ways to increase student learning and enhance teacher quality But effective formative assessment is not part of most classrooms largely because teachers misunderstand what it is and don't have the necessary skills to implement it In the updated 2nd edition of this practical guide for school leaders authors Connie M Moss and Susan M Brookhart define formative assessment as an active continual process in which teachers and students work together every day every minute to gather evidence of learning always keeping in mind three guiding questions Where am I going Where am I now What strategy or strategies can help me get to where I need to go Chapters focus on the six interrelated elements of formative assessment 1 shared learning targets

and criteria for success 2 feedback that feeds learning forward 3 student self assessment and peer assessment 4 student goal setting 5 strategic teacher questioning and 6 student engagement in asking effective questions Using specific examples based on their extensive work with teachers the authors provide Strategic talking points and conversation starters to address common misconceptions about formative assessment Practical classroom strategies to share with teachers that cultivate students as self regulated assessment capable learners Ways to model the elements of formative assessment in conversations with teachers about their professional learning What if scenarios and advice for how to deal with them and Questions for reflection to gauge understanding and progress As Moss and Brookhart emphasize the goal is not to do formative assessment but to embrace a major cultural change that moves away from teacher led instruction to a partnership of intentional inquiry between student and teacher with better teaching and learning as the outcome

Teaching History with Big Ideas S. G. Grant, Jill M. Gradwell, 2010-07-16 In the case studies that make up the bulk of this book middle and high school history teachers describe the decisions and plans and the problems and possibilities they encountered as they ratcheted up their instruction through the use of big ideas Framing a teaching unit around a question such as Why don't we know anything about Africa offers both teacher and students opportunities to explore historical actors ideas and events in ways both rich and engaging Such an approach exemplifies the construct of ambitious teaching whereby teachers demonstrate their ability to marry their deep knowledge of subject matter students and the school context in ways that fundamentally challenge the claim that history is boring
