Anyone who thinks the teaching profession is easy, let's try the next exercise.

Take time in one day and make 5 speeches, each of which should be completed 45 minutes, about anything that you personally understand. Bear in mind that your audience needs to be interested and motivated to attention, listening, understanding, and adopting this speech. Of course, you should also think of several interesting tasks and activities that will encourage your audience to participate and interact.

Tomorrow, get up and dress up and take the city 30 minutes to an hour, go home, turn on the TV and boost it. Stop standing in front of that TV and in 45 minutes tell that speech and everything you've prepared to speak louder than the TV. With time, gradually increase the TV (because student attention decreases and becomes more and more disinterested) and continues to speak louder than the TV. By the way, of course, you have to keep track of what's on the screen and the program you are watching. Whenever a household member passes, you answer all his questions and meet all his demands.

Of course, do not forget all that time to be comfortable and calm and have a smile on your face to contribute to a better atmosphere in the room.

After 45 minutes, take a break of 5 minutes, but then amplify the TV so you can enjoy your vacation in school. If possible, let your baby run a few times next to you or go to your brother or sister. You calmly and skillfully resolved this situation so everyone would be happy.

Then return the TV to the initial setting (still louder than usual), take your second prepared speech, assignments, and activities and repeat all in the next 45 minutes. Again the same rest of 5 minutes and again all over again, 45 minutes. It works 5 times in a row.

Then invite a neighbor to you, with whom you have a problem and spend 45 minutes with it, calmly and courteously resolving this problem, explaining why and why it came up and suggesting how to solve it efficiently.

When you're done, sit back in the car and drive around town 30 minutes to an hour. Go home, rest a little (wonder if you want to turn on the TV or have the power to play with your kids), then sit down and prepare 5 new talk for tomorrow. Repeat this exercise for 5 days in a row so tell me and tell if you still believe our job is easy.

Well, that is your professorship week without paperwork, excuses, writing annual, monthly and operational plans, education, planning, and everything else. Just a working week.
