

Central Administration » Restore from Backup - Step 2 of 3: Select Component to Restore

Select the components to restore.

If a component is listed, but cannot be selected, it is either because the backup does not contain the component or there was an error during the backup. You can view the associated error message under the Backup Failure Message heading.

To continue with the restoration process, click **Next**. To select a different backup file that contains a different set of components, click **Previous**.
