Funding Committee Community Growth Fund 789 Community Blvd, Springfield, IL 62704, USA

Dear Members of the Funding Committee,

My name is Morgan Lee, and I am writing to provide my full support for the funding application submitted by Ross Tyler. I have known Ross for over seven years, during which time I have seen firsthand his dedication, creativity, and passion for community development. Ross has consistently demonstrated his commitment to making a positive impact on the lives of others, and I believe he is well-suited to utilize the funds to create meaningful change.

Ross has been actively involved in various community initiatives, including organizing educational workshops, leading neighborhood improvement projects, and running after-school programs for local children. His leadership skills, along with his ability to connect with people of all ages, have made a significant impact on our community. One notable project led by Ross was the establishment of a community garden, which provided fresh produce to dozens of families in need and fostered a sense of community among neighbors.

In addition to his community work, Ross is a visionary who has developed practical plans to expand his initiatives. He is currently seeking funding to support a new project aimed at providing vocational training to underserved youth in our area. This program will equip participants with valuable skills, increasing their employability and opening doors to new opportunities. I have no doubt that, with the necessary resources, Ross will successfully implement this program and positively impact the lives of many young people.

I wholeheartedly endorse Ross Tyler's funding application, as I am confident in his ability to make a difference and maximize the impact of the resources provided. His dedication, integrity, and innovative approach make him an ideal candidate for this funding opportunity.

Please feel free to contact me at 555-654-3210 or via email at morgan.lee@example.com if you have any questions or require additional information. I am more than willing to provide further support for Ross's application.

Thank you for considering my letter of support.

Sincerely,

Morgan Lee

Grant writing for medical and healthcare professionals Subhash Chandra Parija, Vikram Kate, 2023-01-11

Conducting research requires resources to meet the research need. The resources in the research institutes centers are often inadequate limiting the research outcome. Research grants help overcome those limitations and help the researchers carry out quality research without any restriction. Grant proposal writing is an essential skill to be mastered by every researcher. However, the majority of the medical schools except the few research institutes do not have a structured learning module for obtaining grants. On most occasions, the skill of writing grant proposals goes by self learning. For students, it is burdening due to the tremendous time consumed to learn the craft of writing the grant proposal and the exhausting clinical and academic work. This book is carefully prepared to keep in mind the difficulties faced by the young researchers and the students concerning choosing a funding agency, grant makers' expectations, budgeting, surveillance, and site visits, rights of the researcher and the funding agency, and ethical and legal aspects of obtaining the grant. The book also covers the alternate plan for partial funding or interruption of the financing, reporting the source of funding and acknowledgment, good clinical practice guidelines, and dealing with the rejected grant proposal. The research projects are often dropped or modified extensively due to the limited resources in the existing facility. The researchers are forced to compromise the research objective due to expensive requirements. There is a shortage of awareness regarding the availability of funding and grant for the conduct of research. Even if the researchers are aware of obtaining the financing, there is a lack of training in grant proposal writing, which is essential in getting the research funding. This book on grant proposal writing for medical and healthcare professionals covers such difficulties and deficiencies. It will provide complete companionship from knowing the funding agency to obtaining the grant.
