My belief about myself as a learner when I entered the class was a positive one. I attended a college prep school for high school and went to Oregon State University last year. I had plenty of practice with different learning techniques and found what works well for me. I believe I'm more of a visual learner than an auditory learner. It is easier to see a powerpoint and retain the knowledge then listen to a lecture and have the same retention. Entering the class I thought I liked working in groups more than working individually on projects, but that has since changed. I think it is more beneficial to me to work alone because I can get more done. When I entered the class I believed that reading the material closer to the due date was a better idea because I may not remember what I had read if I didn't.

What I have discovered about myself, as a learner over the term is vast. I learned that I can read the material way in advance and just briefly skim over the text and remember just about everything, were as I thought reading closer was more beneficial. I also learned that working in groups really isn't my specialty. I prefer working by myself because I'm able to get a lot more done and not have to worry about other people forgetting their part of the project. I don't like having to worry about other people not following through. I also learned that looking at the daily record in advanced helped me

Legal Writing Lisa Webley, 2013-07-18 Legal Writing guides students comprehensively through this vital legal skill and addresses a range of assessment methods from exam questions to final essays and problem answers. It considers how to deconstruct essay and problem questions and how to conduct and apply legal research to answer set questions. Lisa Webley explains how to reference others' work clearly and correctly, making this book a useful tool for students concerned about issues of plagiarism. It also focuses on how to develop and communicate legal arguments with both good and bad examples of written work considered and discussed in the text. Legal Writing is particularly useful for undergraduate students, especially at the beginning of degree studies and to GDL and CPE students too. This fully revised third edition includes more guidance on reading, including speed reading techniques and on note-taking skills. A wholly revised chapter on referencing to employ the OSCOLA style, which has become the default style of most UK law schools in recent years. More worked examples throughout the text and additional examples from across the legal curriculum on the companion website. An improved companion website with increased guidance for revision, FAQs and more multiple choice questions allow students to test their progress and further engage with the topics in the book.

Legal Design Corrales Compagnucci, Marcelo, Haapio, Helena, Hagan, Margaret, Doherty, Michael, 2021-10-21 This innovative book proposes new theories on how the legal system can be made more comprehensible, usable and empowering for people through the use of design principles. Utilising key case studies and providing real world examples of legal innovation, the book moves beyond discussion to action. It offers a rich set of examples demonstrating how various design methods, including information service, product and policy design, can be leveraged within research and practice.

George Fletcher's Essays on Criminal Law George P. Fletcher, 2013-01-10 This volume collects for the first time a selection of criminal law scholar George Fletcher's most famous previously published shorter works, as well as some that are less known but equally important. Each of the twelve essays by Fletcher is paired with one or more new critical commentaries on that essay. These critical commentaries trace the impact of the respective essay in the development of the criminal law and assess its future significance.

The Legal Academic's Handbook Chris Ashford, Jessica Guth, 2020-10-16 How do you become a legal academic? What skills and experience are necessary to progress your career? In which ways could you enrich your job? With contributions from more than 60 established academics, this handbook offers essential guidance on starting, pursuing, managing and advancing a career in legal academia. Whether you are looking for ways to overcome challenges or to seek out new opportunities, this book provides practical advice through relevant research, personal experience and anecdotal evidence. Four fictional academics who want to pursue different career paths in different academic institutions are introduced at the start of the book.
