

Sponsorship Letter for College Fest Sample

Your College/ Organization's Letterhead

Date:

Your Address

To Whomsoever Concerned,

We are proud to announce that our annual college fest, **{fest name}**, will be held on **{date}**. Our theme for this year is fitness and good health. We are seeking to raise 150,000 in funds for our event.

Without an organization like this, it would be not possible to meet our goal. Hence, I am requesting you to consider making a donation to help make this event a reality. However, our theme and your company's goals go hand in hand. Annually, we average around 5,000 visitors for our fest, and this could be a good opportunity to gain brand awareness.

Moreover, we would like to offer you that your brand image and logo will be displayed across 122 prime locations over our campus. We do hope that you will consider our request.

Feel free to contact us for any clarifications about the same on our email address or mobile number.

Sincerely,
{Your Name}

Reauthorization of the Higher Education Act of 1965 United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Education, Arts and Humanities,1991 Designing and Conducting Research in Education Clifford J. Drew,Michael L. Hardman,John L. Hosp,2008 The research process in this book begins with identification of the research question and proceeds through each step including planning data collection actual collection and analysis of the data and writing the report This text proceeds through multiple methodologies including experimental and non experimental quantitative and qualitative At every step the emphasis is on planning and executing the study Key features o Simulations and feedback that may be used in class sessions for both individual and small group participation o Pedagogy to help students plan and conduct a research project in an actual classroom o Examples that demonstrate and explain what constitutes good and poor research questions o Case studies and real life examples related to education o A Student Web site that provides students with the opportunity to interact with contemporary articles This book provides an introduction to research that emphasizes the fundamental concepts of planning and design It is designed to be a core text for the very first course on research methods **Oxford Handbook of Clinical and Healthcare Research** Sumantra Ray,Sue Fitzpatrick,Rajna Golubic,Sarah Gibbings,Susan Fisher,2016 This handbook is a definitive up to date and succinct text covering the legislative requirements scientific foundations and clinical good practice necessary for clinical academic and healthcare research **Research Methods for Criminology and Criminal Justice** Richard D. Hartley, Lee Ellis,Anthony Walsh,2020-07-28 The second edition of Research Methods for Criminology and Criminal Justice is a core text for criminology and criminal justice research methods courses This text offers a general foundation of knowledge that transcends particular topics or subject areas allowing students to apply the methods and concepts discussed to a multitude of scenarios Within the first five chapters students learn a the philosophy behind scientific research b the role of theory and hypotheses in the research process c ethical issues in conducting research in our field and d how research reports are structured Thereafter each new chapter will add information and examples that help students move toward a further understanding of research design and methodology that can be applied across the social and behavioral sciences to better understand social phenomena

RU-486 United States. Congress. House. Committee on Government Reform. Subcommittee on Criminal Justice, Drug Policy, and Human Resources,2007 **Overseas Students and Net Migration** Great Britain: Parliament: House of Commons: Business, Innovation and Skills Committee,2012-09-06 This report calls on the Government to record overseas students under a classification that does not count against the overall limit on net migration in order to allow the UK to continue to expand its share of the overseas student market The Committee notes the Government s desire to reduce net migration However there is a clear conflict between this policy and the desire to attract more overseas students to the UK Moreover the way in which the policy has been implemented and measured is clearly having a detrimental impact At a time

of such economic difficulty it is vital that the Department for Business Innovation and Skills demonstrates it has an active strategy to support the expansion of this important and lucrative market The Committee argues that for domestic policy purposes overseas students should be recorded under a separate classification and not be counted against the overall limit on net migration along similar lines to the United States The Committee supports the Government's policy to remove bogus students and colleges from our Higher Education system However the way in which this policy is communicated must be handled carefully to ensure it does not give the impression that the UK no longer welcomes genuine students
