## **Procrastination How To Avoid:**

*Overcoming Procrastination* K. B. Bryson, 2014-07-13 Okay let's face it at some point in our life all of us have said we are going to get a certain task done yet we ended up not lifting a finger to do anything about it that is until someone yells at us about it However some people are chronic procrastinators If you constantly avoid getting things done and have a mountain of excuses lined up to explain the reasons why you are unable to do them then look in the mirror and you will see a procrastinator Most often these reasons are only excuses to avoid doing the real task and going through the emotional discomfort that often comes with making significant changes in our careers and in our lives Procrastination can exact a pretty steep toll on your business career relationships health and finances We all hate to admit it but in choosing to put off tasks that can be performed today for tomorrow we unwittingly surrender our happiness You may be tempted to play it safe especially when you are seriously thinking about improving your lot in life but do you really want to look back a few years from now and blame yourself for wasting time in getting certain things done That's where this book comes in Join me for this quick read and you'll be well on your way to getting things done now

**Procrastination** Titus Sofron, 2021-04-30 To procrastinate is to put off or postpone doing something out of laziness or carelessness Delaying a task or two at times is alright for some people especially if they can manage to catch up or have enough time to finish everything without cramming Unfortunately this is not the case with other people Some people tend to procrastinate longer and tend not to work on tasks until it progressively adds up This can hurt them if they don't work on fixing this bad habit But being a procrastinator is not always a very bad thing though there are instances in life where it could be beneficial For instance it could possibly help with handling pressure from a superior or boss By being used to doing things at the last minute the procrastinator may excel when asked to do something within a short period of time Procrastination might be helpful under certain circumstances but it should still be avoided Not only does it affect productivity levels it can also upset the people who are counting on you or waiting for you to accomplish and get things

done People who are guilty of procrastinating may even suffer from stress and depression especially when responsibilities add up And if you don't want any of that I'd like to congratulate you because you have acknowledged that you want to change this behavior and prevent it from taking over your life Always remember that a little procrastination from time to time is not harmful if done in moderation But it becomes a habit that negatively interferes with your life you should absolutely do something about it Here are 60 tips to help you avoid procrastination
