next two to three decades The author uses the term 3 0 to indicate the baby boomers third phase of life and explains how this third act of life will differ from earlier periods accordingly organizations should take a different approach to marketing to them than in the past This book offers a way to contextualize business objectives within a culturally based forward thinking framework that fully leverages the opportunities presented by what is perhaps the biggest and most affluent customer base in history Readers will be able to use the strategies described to map territories to stake and mine in targeting boomers create meaningful relationships with individuals in this group and communicate effectively with boomers to offer them products and services *Farmers' Guide* ,1898 *Green Building Products* Alex Wilson,Mark Piepkorn,Nadav Malin,2005 Interest in sustainable green building practices is greater than ever Whether concerned about allergies energy costs old growth forests or durability and long term value homeowners and builders are looking for ways to ensure that their homes are healthy safe beautiful and efficient In these pages you ll find descriptions and manufacturer contact information for more than 1 400 environmentally preferable products and materials from ag fiber panels to zero VOC paints All phases of residential construction from sitework to flooring to renewable energy are covered Products are grouped by function and each chapter begins with a discussion of key environmental considerations and what to look for in a green product Categories of products include Sitework and landscaping Outdoor structures Decking Foundations footers and slabs Structural systems and components Sheathing Exterior finish and trim Roofing Doors and windows Insulation Flooring and floor coverings Interior finish and trim Caulks and adhesives Paints and coatings Mechanical systems HVAC Plumbing electrical and lighting Appliances Furniture and furnishings Renewable energy Distributors and retailers A miscellaneous section also lists products for hazardous materials testing and remediation insect control recycling and wood products certification An index of products and manufacturers makes for easy navigation There is no more comprehensive resource for both the engaged homeowner as well as all those who design and build homes
