Thank you for purchasing our Grade 3 Report Card Science Comments resource. The purpose of these comments is to help you create or supplement your own comment bank that can aid you during report card time. All comments have been created in a Word document so you can easily cut and paste or edit the comments to suit the unique needs of your students. We also understand that many administrators and school boards expect comments to be written in different ways, so you may need to make changes or reword comments based on your requirements. For example, we've included qualifiers right in the comments (for your convenience) but if you don't need them, feel free to simply take them out. Also, our comments are formatted to always include what was learned by the student, their strength, evidence of how it was learned and next steps. Again, feel free to change this as needed and personalize comments based on your documentation of learning or forms of assessment.
