*Demystifying AI for the Enterprise* Prashant Natarajan, Bob Rogers, Edward Dixon, Jonas Christensen, Kirk Borne, Leland Wilkinson, Shantha Mohan, 2021-12-30 Artificial intelligence AI in its various forms machine learning chatbots robots agents etc is increasingly being seen as a core component of enterprise business workflow and information management systems The current promise and hype around AI are being driven by software vendors academic research projects and startups However we posit that the greatest promise and potential for AI lies in the enterprise with its applications touching all organizational facets With increasing business process and workflow maturity coupled with recent trends in cloud computing datafication IoT cybersecurity and advanced analytics there is an understanding that the challenges of tomorrow cannot be solely addressed by today's people processes and products There is still considerable mystery hype and fear about AI in today's world A considerable amount of current discourse focuses on a dystopian future that could adversely affect humanity Such opinions with understandable fear of the unknown don't consider the history of human innovation the current state of business and technology or the primarily augmentative nature of tomorrow's AI This book demystifies AI for the enterprise It takes readers from the basics definitions state of the art etc to a multi industry journey and concludes with expert advice on everything an organization must do to succeed Along the way we debunk myths provide practical pointers and include best practices with applicable vignettes AI brings to enterprise the capabilities that promise new ways by which professionals can address both mundane and interesting challenges more efficiently effectively and collaboratively with humans The opportunity for tomorrow's enterprise is to augment existing teams and resources with the power of AI in order to gain competitive advantage discover new business models establish or optimize new revenues and achieve better customer and user satisfaction

**Excellence Gaps in Education** Jonathan A. Plucker, Scott J. Peters, 2020-01-15 2017 Texas Association for Gifted and Talented Legacy Scholar Book Award 2017 National Association of Gifted Children Scholar Book of the Year Award In *Excellence Gaps in Education* Jonathan A Plucker and Scott J Peters shine a spotlight on excellence gaps the achievement gaps among subgroups of students performing at the highest levels of achievement Much of the focus of recent education reform has been on closing gaps in achievement between students from different racial ethnic or socioeconomic backgrounds by bringing all students up to minimum levels of proficiency Yet issues related to excellence gaps have been largely absent from discussions about how to improve our schools and communities Plucker and Peters argue that these significant gaps reflect the existence of a persistent talent underclass in the United States among African American Hispanic Native American and poor students resulting in an incalculable loss of potential among our fastest growing populations Drawing on the latest research and a wide range of national and international data the authors outline the scope of the problem and make the case that excellence gaps should be targeted for elimination They identify promising interventions for talent development already underway in schools and provide a detailed review of potential strategies including universal

screening flexible grouping targeted programs and psychosocial interventions Excellence Gaps in Education has the potential for changing our national conversation about equity and excellence and bringing fresh attention to the needs of high potential students from underrepresented backgrounds *Digital Heritage* Marinos Ioannides,Nadia Magnenat-Thalmann,Eleanor Fink,Roko Zarnic,Alex-Yianing Yen,Ewald Quak,2014-11-12 This book constitutes the refereed proceedings of the 5th International Conference on Digital Heritage EuroMed 2014 held in Limassol Cyprus in November 2014 The 84 full and 51 short papers presented were carefully reviewed and selected from 438 submissions They focus on the interdisciplinary and multi disciplinary research concerning cutting edge cultural heritage informatics physics chemistry and engineering and the use of technology for the representation documentation archiving protection preservation and communication of Cultural Heritage knowledge Armed Conflict, Women and Climate Change Jody M. Prescott,2018-11-21 The gender differentiated and more severe impacts of armed conflict upon women and girls are well recognised by the international community as demonstrated by UN Security Council Resolution UNSCR 1325 on Women Peace and Security and subsequent resolutions Similarly the development community has identified gender differentiated impacts upon women and girls as a result of the effects of climate change Current research and analysis has reached no consensus as to any causal relationship between climate change and armed conflict but certain studies suggest an indirect linkage between climate change effects such as food insecurity and armed conflict Little research has been conducted on the possible compounding effects that armed conflict and climate change might have on at risk population groups such as women and girls *Armed Conflict Women and Climate Change* explores the intersection of these three areas and allows the reader to better understand how military organisations across the world need to be sensitive to these relationships to be most effective in civilian centric operations in situations of humanitarian relief peacekeeping and even armed conflict This book examines strategy and military doctrine from NATO the UK US and Australia and explores key issues such as displacement food and energy insecurity and male out migration as well as current efforts to incorporate gender considerations in military activities and operations This innovative book will be of great interest to students and scholars of international relations international development international security sustainability gender studies and law **Resources in Education** ,1986 *Journal of Research of the National Bureau of Standards* United States.
