Playing to Win Alan G. Lafley, Roger L. Martin, 2013 Explains how companies must pinpoint business strategies to a few critically important choices identifying common blunders while outlining simple exercises and questions that can guide day to day and long term decisions **Playing to Win, Expanded with Bonus HBR Articles** A.G. Lafley, Roger L.

Martin, 2025-09-30 A Wall Street Journal and Washington Post bestseller A playbook for creating your company's winning strategy Now also includes two HBR articles by the authors Strategy is not complex But it is hard It's hard because it forces people and organizations to make specific choices about their future something that doesn't happen in most companies In this contemporary business classic now with a foreword from former Harvard Business Review editor in chief Adi Ignatius and new articles providing fresh insights two of today's most respected business thinkers explain what strategy is for how to think about it and how to get it done And they use one of the most successful corporate turnarounds of the past century which they achieved together to prove their point The result is a playbook for winning At its core is a set of five integrated and essential strategic choices What is our winning aspiration Where will we play How will we win What capabilities must we have in place to win What management systems are required to support our choices The authors tell rich stories of iconic P G brands such as Olay Bounty Gillette and more to clearly illustrate how deciding on a strategic approach and then making the right choices to support it makes the difference between just playing the game and actually winning *How to Read More*

Martin Udogie, Dick Kramer, 2014-08-01 It doesn't take days or weeks or months to read a book It takes hours READ MORE explains how Most people readily admit that reading books is beneficial and wish they could read a bit more and in some cases a lot more But most people also have what seem like perfectly valid excuses for not reading chief among which are lack of time work load and responsibility Yes they all seem perfectly understandable excuses until you read this book and discover accounts of people going out of their way to indulge in the habit from Rudi Giuliani who as New York Mayor during 9 11 finally arrived home at past 2 A M on the night of that fateful day and still picked up a book to read to Barack Obama who went on a one week vacation in 2010 with over 2 300 pages of reading to George W Bush whose formula for reading was to enter into a reading contest with his top presidential aide Karl Rove Then there is the challenge of the 99% majority for whom affordability might also be a ready excuse Yet Dr Ben Carson today a world famous neurosurgeon and bestselling author traces his turnaround to the reading habit instilled in him in fifth grade by his single mother who wasn't even literate at the time And there are several other examples But what of the other 1% the rich and famous for whom time is priceless Bill Gates as CEO of Microsoft had a Think Week dedicated to reading And as Singapore Prime Minister Lee Kuan Yew took out time to recharge his batteries at Harvard A commitment to a regime of habitual reading takes more than mental conviction It takes doing And unlike what most people have come to believe reading a book doesn't take days or weeks It takes hours This book demonstrates how and reveals other simple steps that anyone can follow to develop a life time habit of

enjoyable reading and reap its rewards DECISIVE shubham pandey,2023-03-21 One of the main takeaways of the book is the WRAP framework which stands for Widen your options Reality test your assumptions Attain distance before deciding and Prepare to be wrong This approach helps readers to expand their decision making horizons and avoid common biases and blind spots Another key concept in the book is the importance of gathering diverse perspectives and data when making decisions The authors encourage readers to seek out dissenting opinions and challenge their own assumptions to arrive at more well informed conclusions Throughout the book the authors provide engaging anecdotes and real world examples to illustrate their points making the content accessible and relatable The writing style is clear and concise with the occasional touch of humor to keep readers engaged Overall Decisive is a must read for anyone looking to improve their decision making skills Its practical advice grounded in research and real world experience will undoubtedly help readers to make more informed and effective choices in their personal and professional lives **Decisive** Chip Heath,Dan Heath,2013-03-26 The four principles that can help us to overcome our brains natural biases to make better more informed decisions in our lives careers families and organizations In Decisive Chip Heath and Dan Heath the bestselling authors of Made to Stick and Switch tackle the thorny problem of how to overcome our natural biases and irrational thinking to make better decisions about our work lives companies and careers When it comes to decision making our brains are flawed instruments But given that we are biologically hard wired to act foolishly and behave irrationally at times how can we do better A number of recent bestsellers have identified how irrational our decision making can be But being aware of a bias doesn't correct it just as knowing that you are nearsighted doesn't help you to see better In Decisive the Heath brothers drawing on extensive studies stories and research offer specific practical tools that can help us to think more clearly about our options and get out of our heads to improve our decision making at work and at home Manage Your Job Search Johanna Rothman,2015-08-13 A job search is an emergent project How do you handle an emergent project By creating a system that allows for serendipity and flexibility personal kanban and one week timeboxes Once you have a system you can use the tips in Part 2 to prepare for your job search choose your career write your resume prepare for your interviews and decide how you will decide on an offer In Part 3 you'll learn how to network without feeling slimy You'll learn to build your target network where to look for the jobs that you need and how to spot the warning signs of a job that organizations might no longer need There are many traps for unsuspecting job hunters so Part 4 has a section on traps to avoid and tips to try If you're in special circumstances such as being a new grad in a career transition or over 50 then Part 5 is for you Even if you've been diligent any job search can take more than three months Part 6 addresses your feelings and how to persevere when your search seems as if it takes forever Written with her trademark practicality humor and empathy Johanna will help you learn how to find your next job This book was written and produced entirely by the author We are proud to be distributing it The Miniature Guide to Political Risk Analysis for International Business Steven Johnston,2020-12-20 Political risk is one of the most frequently discussed risks to

doing business internationally But what exactly is political risk and what are the best ways to analyze and prepare for political risks that may jeopardize your business Based on more than two decades of evaluating political risk to companies doing business all over the world Steven Johnston explains the fundamentals of effective political risk analysis What are the foundational principles and approaches for modeling and how can professionals improve accuracy of forecasting political risk What really works Why is high quality political risk analysis important to every business operating internationally It s not IF your business will be impacted by political events and actions It is WHEN and HOW However effective political risk analysis isn t limited to the domain of business resiliency and protecting downside risk It is also a significant competitive advantage when a business can more accurately see just a little farther into the future than competitors and be ready to make earlier moves to avoid problems or take advantage of opportunities The book spotlights top shelf thinkers about political risk and provides state of the art ways to operationalize their valuable contributions into the business process In addition to commenting on the current state of the field of political risk analysis Johnston makes recommendations for improving the domain of political risk analysis This book should be essential reading for any business professionals investing across borders and especially doing business in emerging economies **What's Your Problem?** Thomas Wedell-Wedellsborg,2020-03-17

The author makes a compelling case that we often start solving a problem before thinking deeply about whether we are solving the right problem If you want the superpower of solving better problems read this book Eric Schmidt former CEO Google Are you solving the right problems Have you or your colleagues ever worked hard on something only to find out you were focusing on the wrong problem entirely Most people have In a survey 85 percent of companies said they often struggle to solve the right problems The consequences are severe Leaders fight the wrong strategic battles Teams spend their energy on low impact work Startups build products that nobody wants Organizations implement solutions that somehow make things worse not better Everywhere you look the waste is staggering As Peter Drucker pointed out there s nothing more dangerous than the right answer to the wrong question There is a way to do better The key is reframing a crucial underutilized skill that you can master with the help of this book Using real world stories and unforgettable examples like the slow elevator problem author Thomas Wedell Wedellsborg offers a simple three step method Frame Reframe Move Forward that anyone can use to start solving the right problems Reframing is not difficult to learn It can be used on everyday challenges and on the biggest trickiest problems you face In this visually engaging deeply researched book you ll learn from leaders at large companies from entrepreneurs consultants nonprofit leaders and many other breakthrough thinkers It s time for everyone to stop barking up the wrong trees Teach yourself and your team to reframe and growth and success will follow Harvard Business Review Leadership & Strategy Boxed Set (5 Books) Harvard Business Review,John P.
