what you love So for me a person who earns enough money by doing something that he loves affords to visit the places he wants to visit though that doesn't have to be a first class travel and has plenty of time to really enjoy life is much wealthier than a billionaire Thus this book embraces this kind of understanding about wealth and it explains how I achieved financial independence from breaking out of the lack mindset I grew up with to reaching the peak of my financial abundance and then to transitioning to spiritual abundance Once the mindset is changed to the one of abundance you no longer have to dwell on the money It will always be there when you need it Then you can focus on things that really interest you I hope that by reading this book you will be enabled to arrive at that stage where your mindset has no place for lack and therefore money manifests when you need it Become Your Own Business Guru Gary Quinn, 2022-07-05
