Pistis Sophia Text And Commentary:

Pistis Sophia G. R. S. Mead, 2017-02-23 This edition of the *Pistis Sophia* is a complete and accurate reprint of the original translation by G R S Mead in 1921 It contains all of Mead s original notes and running commentary as well as his annotated bibliography which includes numerous sources and further research material for the reader The *Pistis Sophia* is a gnostic text thought to have been written sometime between the 3rd and 4th centuries AD According to Mead there were two codices discovered in the late 18th century that contained the original work The Bruce Codex was brought to Oxford by the famous Scottish traveler Bruce in 1769 and the Askew Codex was given to the British Museum by the heirs of a wealthy doctor in 1785 Both codices were thereafter translated by experts and their contents ordered in a fashion that seemed proper according to their best abilities Mead s translation followed these efforts but as he says in his introduction the order of the contents was changed to place the contents of these Coptic translations roughly in such a sequence that the reader may be led from lower to higher grades of the Gnosis The *Pistis Sophia* itself is of such a marvelous and complex nature that it is hard to describe in a short space But generally the book shows the risen Jesus revealing the lower and higher mysteries to a group of his followers over the period of 22 years Included in these mysteries are complex cosmologies that the human soul must travel through in order to reach Gnosis with the Father A new story of the rise and fall of a restorative figure known as the *Pistis Sophia* is also given by Christ The text in the first three of the four books is a dialogue between Jesus and his disciples including Mary Magdalene who is the most active in the discussion Other disciples involved include John the Virgin Andrew Bartholomew James John Mary Martha Mathew Philip Salome Simon the Canaanite and Thomas It is apparent based on the character of the text that the work was a compilation of various earlier editions as some subjects and events are covered multiple times with slight variations Changes in certain words used in describing the same ideas also illustrate that the collected works were from different time periods The first book details how Jesus after his resurrection stayed with his disciples for eleven years teaching the lowest of the mysteries An intricate cosmology is introduced through the details of Jesus ascending the so called aeons in order to do battle with certain servants archons of the creator god who stands between human beings and gnosis It is in this cosmology that the new myth of the *Pistis Sophia* is introduced and discussed continuing into the second book where connection between the current work and the Book of Jeu is demonstrated Interestingly unlike such other Gnostic myths such as the Apocryphon of John the *Pistis Sophia* myth is limited to the lower aeons not herself being a divine being from the higher levels of heaven The third book concerns the ethical code for the adherents of Christianity and outlines punishments for the transgression of that ethical system Additionally human beings and their spiritual nature are discussed along with their connectedness to each other and when they should be given the mysteries The fourth book details further cosmological and astrological systems including myths of fallen archons and their imprisonment within certain zodiacal spheres Five realms of punishment with their corresponding types of sinners are

revealed along with the ritual and requirements for their release Pistis Sophia G. R. S. Mead,2009-02 Pistis Sophia is an important Gnostic text The five remaining copies which scholars date c 250 300 AD relate the Gnostic teachings of the transfigured Jesus to the assembled disciples including his mother Mary Mary Magdalene and Martha when the risen Christ had accomplished eleven years speaking with his disciples In it the complex structures and hierarchies of heaven familiar in Gnostic teachings are revealed **American Gnosis** Arthur Versluis,2023-10-20 Drawing from the early Christian heretical category of Gnosticism American Gnosis explores the emergence of new forms of Gnostic religion throughout the Americas Arthur Versluis explores the concept of Gnosis and examines neo gnostic elements in contemporary American culture including in religion literature film and politics *Quantum Spirituality* Peter Canova,2023-01-31 Reveals how ancient Gnostic teachings predicted modern quantum physics 2024 Nautilus Book Award Silver Winner 2023 American Book Fest Best Book Award Explains how the perennial principles of Gnosticism a repository of Judeo Christian mysticism describe major theories of quantum physics such as the Big Bang parallel universes the Holographic Universe theory and Einstein s Relativity Shows how these teachings reveal consciousness as the creator of reality Reveals how to harness quantum spirituality for personal empowerment access to higher levels of consciousness and manifestation From the dawn of history a universal wisdom tradition has existed that explains humanity s purpose in the cosmos and our relationship to the Master Source Consciousness This mystical philosophy was harnessed by the ancient seers known as Gnostics who were in direct contact with Source Consciousness As Peter Canova reveals not only do the ancient teachings of Gnosticism contain important spiritual truths but they profoundly align with the modern sciences of quantum physics and psychology They can also provide us with a transformative path to higher consciousness and practical tools to create your own reality Merging modern science and ancient wisdom Canova explores the perennial principles of Gnosticism and shows how they describe major theories of quantum physics such as the Big Bang parallel universes the Holographic Universe theory and Einstein s Relativity He recounts the Gnostic story of Sophia from a scientific standpoint showing how it describes the fall of spiritual consciousness into material existence He also provides in depth evidence that Jesus taught a hidden mystical Gnostic initiation rite Explaining how the Master Consciousness created and shaped all life including humans the author reveals how Source gave us a critical role to fulfill in the cosmos including the ability of our thoughts to affect the material world He describes Carl Jung s role in the spiritualization of psychology and how this can be used by the modern spiritual seeker to pursue a path of enlightenment and personal fulfillment Ultimately showing how enlightenment is a process wherein outer manifestations arise from inner experience including synchronicity and dreams the author reveals how each of us can harness the power of quantum spirituality to transform our world on both an individual and collective level OTHER BOOK AWARDS 2024 American Legacy New Age Nonfiction Winner 2024 American Book Fest Best Book Spirituality Winner 2024 Eric Hoffer Montaigne Medal 2024 Indie Excellence Self Help Spiritual Winner 2024 International Book Awards Spiritual
