

The background of the cover features a close-up, shallow depth-of-field photograph of optical glass components. In the foreground, a large, circular lens cap or lens is slightly out of focus. Behind it, another lens is more sharply focused, showing its circular shape and a central hole. The lighting creates soft highlights and shadows on the glass surfaces, emphasizing their smooth, polished texture. The overall color palette is a mix of light and dark grays, with some highlights that give the glass a three-dimensional appearance.
