### **2.1 OBJECTIVES**

#### **General Objectives**

To be able to develop the learning about computer addiction and ways to prevent being addicted to a certain game.

#### **Specific Objectives**

Preventing being a computer addiction here are some 5 ways that I have found during my research:

1. Decide in advance how many hours you intend to spend playing games (or surfing the Web or whatever), and be hardcore about sticking to it.
2. Establish a day which you will not use computer or electronic device
3. Ask your significant other from time to time if they feel you ignore them in favor of the computer.
4. Separate your work and play spaces, if possible. (If you play on your computer, then you'll be tempted to play while working.)
5. Monitor yourself: Are you playing more than enough before? Are you still enjoying play or is it merely a compulsion? Are you thinking about playing games when you're doing other things? Are you neglecting other areas of your life in favor of playing games?
