College of Education, 1927      **The High School**, 1923      **Goodbye To Excellence** Mitchell Lazarus, 2019-03-13 In recent years concern over high school graduates who could not balance checkbooks or read directions has led many states to require students to pass minimum competency tests before receiving their diplomas This legislators believe will again make diplomas meaningful as well as promote better education Dr Lazarus points out that any testing scheme creates inequities and that these tests are of special concern due to the emphasis society places on high school graduation a just society cannot accept their potential to mark a student for life The problem he believes is that society cannot agree on the goals of education making relevant testing difficult He also questions whether such testing will produce better curricula and notes that while more emphasis on the basics may be needed undue stress on them may weaken other parts of the curricula He concludes that the goals of minimum competency testing are laudable but that implementation may do long term damage to education      Oswaal ISC Question Bank Class 12 English-2 | Chapterwise and Topicwise | Solved Papers | For Board Exams 2025 Oswaal Editorial Board, 2024-05-21 Description of the Product 100% Updated with Latest 2025 Syllabus Fully Solved Board Specimen Paper Timed Revision with Topic wise Revision Notes Smart Mind Maps Extensive Practice with 1500 Questions Self Assessment Papers Concept Clarity with 1000 Concepts Concept Videos 100% Exam Readiness with Previous Years Exam Question MCQs      **Catalog of Copyright Entries.
