Vague Language, Elasticity Theory and the Use of 'Some' Grace Qiao Zhang,Nhu Nguyet Le,2018-06-28 In *Vague Language Elasticity Theory and the Use of Some* Nguyet Nhu Le and Grace Qiao Zhang present the first comprehensive study of the word some focusing on its elasticity In particular they consider how some is both a quantifier and a qualifier has positive or negative meanings and has local and global interpretations They show that the word is used across a meaning continuum and can be used to convey a range of states including approximation uncertainty politeness and evasion Finally they demonstrate that the functions of some are also multi directional and non categorical consisting of four major functions right amount of information mitigation withholding information and discourse management Based on naturally occurring classroom data of L1 American English and L2 Chinese and Vietnamese speaking learners of English

speakers Vague Language shows that L2 speakers used some more than L1 speakers and explores the significance of this particularly taking account of speakers language ability and cultural backgrounds While this book focuses on the single word some the authors discussion has important implications for language studies more generally as they call for a rethinking of our approaches to language study and more attention to its elasticity

Introducing Performative Pragmatics Douglas Robinson,2013-10-11 This user friendly introduction to a new performative methodology in linguistic pragmatics breaks away from the traditional approach which understands language as a machine Drawing on a wide spectrum of research and theory from the past thirty years in particular Douglas Robinson presents a combination of action oriented approaches from sources such as J L Austin H Paul Grice Harold Garfinkel and Erving Goffman Paying particular attention to language as drama the group regulation of language use individual resistance to these regulatory pressures and nonverbal communication the work also explains groundbreaking concepts and analytical models With a key points section discussion questions and exercises in every chapter this book will be an invaluable resource to students and teachers on a variety of courses including linguistic pragmatics sociolinguistics and interpersonal communication

Corpus and Sociolinguistics Bróna Murphy,2010-02-16 Age is by far the most underdeveloped of the sociolinguistic variables in terms of research literature To date research on age has been patchy and has generally focused on the early life stages such as childhood and adolescence ignoring for the most part healthy adulthood as a stage worthy of scrutiny This book examines the discourse of adulthood and accounts for sociolinguistic variation with regards to age and gender through the exploration of a 90 000 word age and gender differentiated spoken corpus of Irish English The book explores both the distribution and use of a number of high frequency pragmatic features of spoken discourse that appear as key items in the corpus Part 1 of the book provides an introduction a theoretical overview of age as a sociolinguistic variable and a description on how to compile a small spoken corpus for sociolinguistic research Part 2 consists of five chapters which investigate and explore key features such as hedges vague category markers intensifiers boosters and high frequent items of taboo language in relation to the variables age and gender The book is of interest to undergraduates or postgraduates taking formal courses in sociolinguistics applied linguistics pragmatics or discourse analysis It is also of interest to students and researchers interested in using corpus linguistics in sociolinguistic research

Anglophone Literature in Second-Language Teacher Education Justin Quinn,Gabriela Kleckova,2021-03-15 Anglophone Literature in Second Language Teacher Education proposes new ways that literature and more generally culture can be used to educate future teachers of English as a second language Arguing that the way literature is used in language teacher education can be transformed the book foregrounds transnational approaches and shows how these can be applied in literature and cultural instruction to encourage intercultural awareness in future language educators It draws on theoretical discussions from literary and cultural studies as well as applied linguistics and is an example how these cross discipline conversations can take place and thus help make Second language teacher education

SLTE programs more responsive to the challenges faced by future English language teachers Written in the idiom of literary scholarship the book uses ideas of intercultural studies that have gained widespread support at research level yet have not affected literature cultural curricula in SLTE As the first interdisciplinary study to suggest how SLTE programs can respond with curricula this book will be of great interest for academics scholars and post graduate students in the fields of applied linguistics L2 and foreign language education teacher education and post graduate TESOL It has universal appeal addressing teaching faculty in any third level institution that prepares language teachers and includes literary studies in their curriculum as well as administrators in such organizations
