

Introduction Ascend is a comprehensive, standards-based curriculum for 5th grade mathematics. It is designed to provide students with a deep understanding of mathematical concepts and skills, and to prepare them for the challenges of middle school mathematics. The curriculum is organized into five units, each focusing on a different area of mathematics. The units are: Unit 1: Numbers and Operations, Unit 2: Fractions and Decimals, Unit 3: Geometry, Unit 4: Measurement, and Unit 5: Data and Probability. Each unit is further divided into several lessons, each with its own set of objectives and activities. The lessons are designed to be flexible, allowing teachers to adapt them to their own classroom needs. Ascend is a standards-based curriculum, meaning that it is aligned with the National Common Core State Standards for Mathematics. This ensures that students will be learning the same concepts and skills as students in other schools across the country.
