Resources in Education ,1999-04 What works in early grade literacy instruction Jennae Bulat,Margaret Dubeck,Paula Green,Karon Harden,Catherine Henny,Mónika Mattos,Alison Pflepsen,Ana Robledo,Yasmin Sitabkhan,2017-02-28 Over the past decade RTI International has pursued the goal of quality inclusive differentiated early grade literacy instruction in nearly 30 early grade reading or early grade literacy programs in low and middle income LMI countries Across our diverse portfolio we have supported Ministries of Education Ministries in diverse contexts in their development and implementation of research based early grade literacy programs and have learned important lessons based on our experience working with Ministries to design develop and implement early grade literacy programs This paper describes the core elements that we have found to improve early grade literacy instruction and learner outcomes the approach to teaching Teach the availability of quality relevant learner materials Text the effective use of instructional time Time the use of formative assessment to guide instruction Test and provision of instruction in the most effective language Tongue This paper focuses on the acquisition of literacy in alphabetic and alphasyllabic languages in the early primary years most typically academic levels 1 through 3 and the kinds of exposures instruction and support learners need to become fully literate These are the elements of a literacy program that can be taught that should be present in teaching and learning materials and in teacher trainings and that relate specifically to what happens in a classroom Many more factors contribute to literacy acquisition However we focus on the core elements in this paper to delve deeper and facilitate a richer discussion about these components No one size fits all approach to the development and implementation of literacy programs exists the local context and constraints of any implementation can require adaptation and adjustments In many cases the fully diversified approach to early grade literacy instruction described in the classroom scenario has not yet been achieved However we hope that this compilation of lessons learned and best practices achieved through our experiences will help to further the efforts of all to provide high quality effective literacy instruction to all learners particularly those in LMI countries *Improving Standards-Based Learning* Judy F. Carr,Doug Harris,2009-05-21 This is the best nuts and bolts guide for improving teaching and learning in our schools Carr and Harris have been successful in every school district they have consulted in Now we have access to their insight and experience in a book that is perfectly laid out with examples and worksheets to guide successful instructional improvement If you re serious about instructional leadership this is the one book you need on your desk Kenneth W Eastwood Superintendent Middletown City School District NY Use this tool kit to develop a high quality curriculum that impacts student learning Although schools and districts across the country have made notable strides in their instructional programs educators continue to struggle with developing curriculum that addresses each learner s needs and strengths is aligned to instruction and assessment supports standards based learning and results in increased student learning In this book the authors provide a curriculum and improvement process that not only shows school leaders how to design a strong coherent

curriculum but also leads the reader through the critical processes of implementing and then evaluating that curriculum for instructional improvement This resource is packed with ready to use tools that can be tailored to meet site specific needs and includes examples from schools and districts proven strategies guidelines and worksheets graphics and vignettes that illustrate key points and questions that promote reflection The book addresses key issues including How is curriculum put together Who should be involved and what should be included How should we go about it and how long will it take What should be considered during implementation How is curriculum evaluated Whether you are experienced or just getting started Improving Standards Based Learning provides an accessible framework with numerous tools for developing a curriculum that can generate substantive improvement in teaching and learning
