Scientific and Technical Aerospace Reports, 1995 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database **An Index to Undergraduate Science** National Science Foundation (U.S.). Office of Experimental Projects and Programs, 1974 *College Science Improvement Programs; COSIP A & B Report* National Science Foundation (U.S.). Office of Experimental Programs, 1974 [Introduction to Java and Software Design](#) Nell B. Dale, Chip Weems, Mark R. Headington, 2003 Introduction to Java and Software Design breaks the current paradigms for teaching Java and object oriented programming in a first year programming course The Dale author team has developed a unique way of teaching object oriented programming They foster sound object oriented design by teaching students how to brainstorm use filtering scenarios CRC cards and responsibility algorithms The authors also present functional design as a way of writing algorithms for the class responsibilities that are assigned in the object oriented design Click here for downloadable student files This book has been developed from the ground up to be a Java text rather than a Java translation of prior works The text uses real Java I O classes and treats event handling as a fundamental control structure that is introduced right from the beginning The authors carefully guide the student through the process of declaring a reference variable instantiating an object and assigning it to the variable Students will gradually develop a complete and comprehensive understanding of what an object is how it works and what constitutes a well designed class interface
