Why??

Today, when the popular nomenclature for the younger generation is Gismo Kids, Granny's Courtyard tend to blow a whiff of fresh air into robotic lives, where young minds are exposed to vibrant and rustic yet exclusive arts of India. From making scarecrows & thatched roof and water canal to learning the nuances of theatre, dance, music and pottery, it will be a totally unique experience for the young minds.

The focus is more on learning, on being one with nature, on amity and on most importantly on tracing back to the steps that was once laid in the sand by us but washed by the waves of technology and development that we see today.

Silent Inspiration for Camp Theme:

- Unique theme based Art Camp: Holistic and Fun Filled experiential learning
- **Build understanding and respect amongst** younger lot for older generation (their grandparents)
- Learning with **live projects** in folk and natural Setup

Resources in Education, 1998-10 *Finding Funding* Ernest W. Brewer, 2001-01-24 The materials collected developed and compiled in this volume are mostly related to grant proposal development for education but the push for uniformity in grants among the various federal agencies means that the materials have wider application Some of the ideas and tips may be of general interest and value to a grantwriter some ideas about project management should benefit anyone operating a project The book is divided into three major parts and several additional supporting sections Part I discusses the planning and some of the major tools of the trade needed to get started in the grant project field and to use the Internet to access funding resources Part II covers some important steps in developing a successful grant application Part III discusses both closing out a project annually and the often difficult but realistic element of terminating the project at the end of external support This handbook includes problem definition analysis of need goals and objectives activities some management details timelines personnel budget reports evaluation and dissemination of results The work is about exploring writing implementing and terminating an idea as a strong proposal and as an operating project Appendixes include list abbreviations state points of contact and a glossary Contains 51 references DFR *Youth Camp Safety Act, Hearings Before the Select Subcommittee on Labor Of..., 93-2, May 15, 16; June 12 and 13; Bear Mountain, N.Y., June 7, 1974* United States. Select Subcommittee on Labor, 1974 Bereavement Camps for Children and Adolescents Irene Searles McClatchey, Jane S. Wimmer, 2017-10-24 Bereavement Camps for Children and Adolescents is the first book to describe in detail how to create bereavement camps for children and adolescents It is a comprehensive how to guide offering practical advice on planning curriculum building and evaluation Readers will find a step by step plan for building a non profit organization including board development and fundraising such as grant writing soliciting businesses and holding special events as well as valuable information on nonprofit management and volunteer recruitment The appendices include a variety of sample forms letters and more *Research in Education*, 1974 *Hearings, Reports and Prints of the House Committee on Education and Labor* United States. Congress. House. Committee on Education and Labor, 1974 Disrupting Secondary STEM Education Margery Gardner, 2024-12-19 This volume brings into focus the pivotal educational years during adolescence when many learners are exposed to implicit and explicit messages that STEM is not a viable educational pathway for them Challenging this notion Disrupting Secondary STEM Education brings together a collective of critical educators who share what disruptive STEM teaching looks and feels like from an insider perspective as well as the ways they purposefully create curriculum to subvert existing structures that can confine learning Through disruptive STEM teaching a joy for learning is kindled as well as a sense of empowered criticality in students that can support their development as global citizens facing complex futures The collection shares stories across a spectrum of educators from those beginning their teaching journey to

those who've stood up against narrow curriculum and standardized testing for years in the capacity of both P 12 teachers and teacher educators. The voices of these educators illustrate how the work of disruptive STEM teaching can be actualized within cohorts of future teachers achieved through early engagement with critical theories and generative field experiences that support and affirm a wide array of identities. This book provides multiple theoretical and practical access points for the reader to understand the work of disruptive STEM teaching and offers a way forward for those interested in developing more critical curriculum in their own classrooms. As such, it will be important reading for postgraduate students and researchers in Social Justice Education and STEM Education as well as for in-service educators.
