

Diary Writing

Example - 217 words

Dear Diary...

I started my day by waking up to the sound of birds on the roof, sounds of annoying. I went back to sleep and woke up half an hour later. After checking happy to see the sun shining and the skies as blue as the sea. I rushed down and shouted to Mum to ask what I could have for breakfast. Unfortunately me, she didn't answer so I reached in and helped myself to the box of flapjacks days ago. I joined my sister on the sofa, our usual Saturday seats, and turned on the TV.

Later on in the day, I played with my dogs in the garden. Lucy, the oldest dog, actually gives the toys back for you to throw again. I also sat by the side of the pool. (I haven't been brave enough to jump in yet!) Whilst sat there, I watched the ducks swim. I think this was my favourite part of the day.

Hofer, Silvia Lin Hanick, Lori Townsend, 2018-11-16 Provides information literacy practitioners with a thorough exploration of how threshold concepts can be applied to information literacy identifying important elements and connections between each concept and relating theory to practical methods that can transform how librarians teach A model that emerged from the Enhancing Teaching Learning Environments project in Great Britain threshold concepts are those transformative core ideas and processes in a given discipline that define the ways of thinking and practicing shared by

experts Once a learner grasps a threshold concept new pathways to understanding and learning are opened up The authors of this book provide readers with both a substantial introduction to and a working knowledge of this emerging theory and then describe how it can be adapted for local information literacy instruction contexts Five threshold concepts are presented and covered in depth within the context of how they relate and connect to each other The chapters offer an in depth explanation of the threshold concepts model and identify how it relates to various disciplines and our own discipline information science and to the understandings we want our students to acquire This text will benefit readers in these primary audiences academic librarians involved with information literacy efforts at their institutions faculty teaching in higher education upper level college administrators involved in academic accreditation and high school librarians working with college bound students
