is **unintentional** is a linguistic tool through all the various sciences that have studied consciousness. It has been also introduced in psychology by many leading figures. Herbert A. Simon (1916-2001) was the first to use the term **unintentional** in his book *Human Problem Solving* (1972). In his book, Simon introduced the concept of **unintentional** as a way to describe the process of problem solving. He argued that the process of problem solving is often **unintentional** because the solver does not know exactly what they are doing or what the outcome will be. This is in contrast to **intentional** problem solving, where the solver has a clear goal and a plan of action.
