from their chosen profession than their clients suspect Van Hoy analyzes these matters and captures the broader context in which prepackaged firms operate indeed he compares franchised attorneys to lawyers in different types of firms who are also competing for the same business Van Hoy is convinced that many attorneys are not only alienated but are ripe for unionization He shows that collegiality no longer insulates attorneys from the pressures and dissatisfactions of the outside world a research finding that in itself may seriously challenge prevailing viewpoints and shake confidence in the belief that legal work is not just a profession but also a calling
