Computer Systems Engineering Management Robert S. Alford, 2018-01-18 Computer Systems Engineering Management provides a superb guide to the overall effort of computer systems bridge building. It explains what to do before you get to the river, how to organize your work force, how to manage the construction, and what to do when you finally reach the opposite shore. It delineates practical approaches to real world development issues and problems, presents many examples and case histories, and explains techniques that apply to everything from microprocessors to mainframes and from person computer applications to extremely sophisticated systems.

Implementing On-the-Job Learning (In Action Case Study Series) Jack J. Phillips, 2023-05-26 Do You Want to Make Better Use of Your Organizational Resources and Create More Relevant, More Effective Training? The emergence of the knowledge economy has brought new challenges to most organizations. To succeed, organizations have to respond quickly to this continuum of change. Off the job training requires a sizeable investment in organizational resources with sometimes questionable outcomes. This book, *Implementing On the Job Learning*, will illustrate how other companies have used and implemented a particular approach to facilitating employee learning in organizations structured on the job learning. Structured on the job learning programs have the potential to make better use of your organization's resources and create training that is more relevant and effective. This casebook should interest anyone involved in human resource development, especially those who make decisions regarding the design and delivery of training programs. The primary audience is practitioners who want to implement on the job training programs but have been frustrated in their attempts to find solid real life examples. Instructors, students in university and seminar settings, and researchers will also find this book to be a useful reference. Another audience is organization managers who want to make sure that trainers are adequately informed about potential training options. No matter how you plan to use this book, you will find it a valuable tool as you decide how to best meet the training, development, and performance goals of your organization. ASTD is proud to present the 27th book in the IN ACTION Series, offering 13 case studies from a variety of organizations. The case study authors are diligently pursuing accountability in their areas of expertise. Through their writing, they share experiences at the forefront of applying leading edge principles of on the job learning.

Endoscopy in the Era of Antibiotic Resistant Bacteria, An Issue of Gastrointestinal Endoscopy Clinics Jacques Van Dam, 2020-09-15 Together with Consulting Editor Dr Charles Lightdale, Dr Jacques Van Dam has put together the first ever monograph that tackles the challenges of infection prevention by endoscopists and interventional endoscopists. Dr Van Dam has selected authors who have learned valuable lessons in hospitals where antibiotic resistant infections occurred, as well as regulating bodies like the Food and Drug Administration (FDA) and the Centers for Disease Control and Prevention (CDC) who are trying to both resolve what happened and create as much as possible an evidenced based response in an effort to protect the public. Articles are specifically devoted to the following topics: Introduction to Transmission of Infection Potential Agents Transmitted by Endoscopy; Genetic Mutation and Natural Selection of Resistant Bacteria; How did We Get Here; Nosocomial
